MISSION

St. Mary's Springs Academy, rooted in Christ's teaching, academic excellence, and service to Church and community, prepares students to meet global challenges and become leaders for tomorrow.

VISION

St. Mary's Springs Academy inspires students to live a purpose filled life through inclusion in Catholic community, development of God-given strengths and a commitment to individualized academic achievement.

WHAT WE LEARN BECOMES PART OF WHO WE ARE.

faith We live our Catholic faith in both word and action.	Know God is within. Do His will. Pray, Hope & Love.
Be curious. Play. Discover Challenge yourself. Wake up with a goal everyday.	learning We are committed to excellence in education.
Act justly. Love mercy. Walk humbly. Never be too busy to be kind.	
respect We treat God's people with respect and kindness at all times.	
Stand up for what is right, even if you are standing alone.	Always listen. Serve. Rise by lifting others.
leadership We are devoted to a life of servant leadership.	Use your smile to change the world.
TEAMWORK. Alone we can do so little. Together, we can do so much.	community We foster a welcoming, supportive, engaging and collaborative community.
Be yourself. Tell the truth. Live with passion. Make a difference.	
responsibility We lead by example and are accountable for our actions, even when it's difficult.

Clubs/Organizations 2025-2026

Academic Bowl

Mrs. Cori Anderson, Mrs. Theel, Mrs. Arndt

Students are chosen to participate in the academic bowl by their teachers in four areas: math, science, English, and social studies. The academic bowl is held in March. Students take individual tests in their content area and then participate as a team in an oral quiz bowl. The school with the highest points at the end of the competition is awarded with a trophy.

Art Club

Ms. Sweeney

Art Club is a fun way to talk about your art. During this time, you can share a project that you are working on and receive constructive critiques on what you could change. Students will have the opportunity to work on different art projects throughout the semester. These projects will be organized and chosen by students.

Campus Ministry

Campus Ministry on the Ledge animates the SMSA mission through various non-academic programs and initiatives that express its Catholic culture, values and identity. Students will have the opportunity to deepen their faith by leading school liturgies, participate in service opportunities in our school and greater community, and learn more about various aspects of their faith during weekly lunch meetings. Campus Ministry members are Catholic leaders on campus who share their love of God, their faith, and actively live out the Gospel teachings at SMSA and their community.

Campus Ministry - Friday Club

The Campus Ministry Friday Club is open to Juniors, Seniors, and members of the Student Retreat Leadership Team. The Friday Club is an extension of Campus Ministry Club and offers students an opportunity to dive deeper into learning about their Catholic faith. This is accomplished through small group discussions with Fr. Durand and the theology faculty, bible and book studies, and other prayer experiences.

Chapter Chats

Mrs. Besson

Chapter Chats is a book club that will promote a healthy habit of reading and broaden one's horizon about books. Participants will not read a common book; rather, they will discuss whatever books they are reading at the time or have read since the last meeting.

Environmental Club

Mr. Zimmer & Dr. Biessman

Students will need to identify environmental issues, choose service projects and advocate for a stewardship model of environmental care. Some service projects may be on the weekends. We will potentially partner with Lakeshore Trout Unlimited for some service work.

FACT Club

Mrs. McCarthy & Mrs. Cauley

FACT Club is a Wisconsin Youth Tobacco Prevention Program. Members lead activism initiatives, peer to peer advocacy, media outreach and meet with state and local leaders. BUILD. CONNECT. ACT. Build leadership, teamwork and communication skills for college/employment. Collaborate with peers and adults in the community to make a positive impact. Also, learn how to be civically engaged in government. Fun club that makes a difference and that's a FACT.

German Lunch Hour

Mrs. Herbst

German Lunch Hour is an opportunity for anyone who is interested in German language and/or culture to spend a lunch hour doing fun activities related to German. You do not need to be in German class or speak German to attend. Example activities include: watch a German-related or German-language movie, play German games, or do German crafts & activities. Sometimes there may be German foods provided. You will need to sign up for each meeting so Frau knows how many people to expect.

Ice Fishing Club * (Winter)

Mr. Sadowników - Non Staff Member

The Ledger Fishing Club is a volunteer run organization whose main focus is to provide SMSA students an opportunity to learn about the fundamentals of fishing, engage in the outdoors, and participate in interscholastic fishing tournaments while demonstrating sportsmanship on the water.

Investment Club

Ms. Haugen

Investment Club will explore investment strategies, including selecting types of securities. Students will compete in the Stock Market Game. Club members will meet formally once a month to check on the progress of their portfolios and discuss opportunities to educate others on how to prepare for their futures and help those in need. Determining and acting on financial priorities will be additional points of emphasis. Open to all students.

Key Club

Mrs. Schermacher & Mrs. Zitlow

Key Club members will learn how to lead and stand for what's right through service and volunteerism. In partnership with the local Kiwanis club, high school students are making a positive impact as they serve others in their schools and communities.

Ledger Leader's Club (LLC)

Mrs. Cauley & Mrs. McCarthy

The Ledger Leader's Club supports and encourages students to start a chain reaction of kindness that will better our school and community through various activities and celebrations. Students will have the opportunity to network with fellow clubs and organizations to promote a healthy, positive school system. The goal of LLC is to strengthen students' leadership skills, promote positivity, and make individuals feel connected within our community.

Join a club! SMSA believes that what you learn outside of the classroom can be just as important as some of the lessons learned inside the classroom.

Math Club

Mrs. Cori Anderson & Mrs. Schermacher

Math Club is for any high school students that enjoy math (*you do not need to be in an advanced math class*). We participate in one math meet each month after school. At the math meets, students take 5 short math tests and receive points for correct answers. Medals are given to high scoring individual students as well as the overall team (school) with the highest score.

Music Liturgy

Ms. Pannier

Music Liturgy is open to anyone in grades 9-12. You do not have to be a member of the concert choir class to be a part of the music liturgy ensemble. We prepare the music for the All System Masses & will rehearse 1x prior to each All System Mass (there are 6). Any singing ability is welcome to be a part of the music liturgy. Music Liturgy also includes guitar players, drummers, or concert band instruments.

National Honor Society **

Mrs. Theel

The National Honor Society is a student organization that recognizes high school students for their academic accomplishments and challenges them to further develop through service, leadership and character. The National Honor Society is open to junior students during their senior year in high school.

Newspaper

Mrs. Sales & Mrs. Besson

The Ledger Pick-Axe is a student-led, written, and designed newspaper. Students collaborate to propose article ideas and content for the monthly newspaper, which is distributed to homerooms. Students meet twice monthly to discuss ideas, write and revise articles, design the layout, and fold the final issue. Anyone interested in being a part of this phenomenal group of writers, photographers, and creative thinkers can simply join a meeting on the first and third Tuesday of each month or see Mrs. Besson or Mrs. Sales.

Pep Band

Ms. Pannier

Members of the Pep Band do not need to be enrolled in a Jazz Band or Band to participate, but should know how to play a concert band instrument (or bass guitar).

Roleplay Games (RPG) Club

Mr. Allen

Role Playing Game Club is a place where students, grades 9th-12th, can test their minds and vanquish dragons, orcs, and other villainous beings while creating friendships and problem solving along the way.

Ski/Snowboard Club

Mr. Knepfel & Ms. Pannier

Club planned meetings and outings are based on student interest, and of course, snow fall.

Spanish Club

Mrs. Theel & Mr. Mattias

Spanish Club is an opportunity for students to expand their knowledge of the Spanish language and culture. You do not need to speak Spanish or take Spanish to join. We will organize meetings and events where students can participate in fun activities from many Spanish-speaking countries.

Student Council ***

Mrs. Bartel

Student Council is the student government that is a bridge between the student body and administration. Students are represented in the student council through elected class officers, homeroom representatives and led by elected students council officers. The officers appointed committees include: issues and concerns, flag, sunshine, public relations, decorating, and field day. The purpose of the student council is to address student needs, promote school spirit and community awareness. Main events and Goals: Fundraising initiatives: currently raising money for a memory wall to be incorporated into the trophy lobby, Past - the flagpole, the bench in front of school. Warming shelter lunches: organize and run the food drive during homecoming to gather supplies for warming shelter lunches. Provide weekly lunches for the warming shelter from November through March. Organize and facilitate field day as a way to promote class and school spirit and help students feel connected. Organize and plan homecoming and Catholic Schools Week events.

Theater - Fall Play + / Spring Musical +

Mrs. Lewis

The drama department performs two shows annually. There is a play in the fall and a musical in the Spring. Both are open to any and all students. Auditions are held for all cast members, and announcements/posters are released two weeks prior to auditions. Information can also be located in the eLedger or the office. There are also tech positions available that include, lights, sound, stage managing, and props/costumes. We are an all inclusive team who love getting to know one another through the trials and tribulations of creating stage dramas and comedies. Come join us!

** Juniors and seniors may apply and be accepted into this organization.

*** All classes. Class officers are voted in the previous year. Also homeroom reps.

^ Sophomores, juniors and seniors may apply and be accepted.

+ Students may audition for parts in the performances.

See the club/organization moderator or
Mr. Krueger for more information.

SECTION 1

Academic Policies & Procedures

S T. M A R Y ' S S P R I N G S
————— Academy —————

1.1 KEY ARCHDIOCESAN POLICIES

SMSA is sponsored by the Archdiocese of Milwaukee and thus abides by the Parish & School Policy Manual which is reviewed and updated annually by Archdiocesan leadership and school leaders. The Parish and School Policy Manual comprises nearly 200 pages of policies informed by Canon Law, civil law, as well as standards from the DPI and Archdiocesan Office for Schools. Noted in this section are select policies from the manual.

1312: Rights and Responsibilities of Parents

The Catholic Church recognizes and acknowledges the role of parents to be the primary educators of their child. As such, schools partner with parents in the formal education of the child. Schools in the Archdiocese of Milwaukee should demonstrate respect and support for parents in the education of their child. Inherent in the parents' choice of a Catholic school for their child is the understanding and expectation that they will support the school's mission and its commitment to the principles of Catholic values and faith formation. Parents are also expected to support and adhere to the policies and procedures outlined in the school's handbooks and demonstrate behaviors aligned with good moral and ethical principles. Parents are not permitted to interfere with the operation of the school nor display distrustful, disruptive, or harassing behaviors toward parish/school staff. Schools may develop local policies to identify potential corrective actions if parents do not support and adhere to policies and procedures outlined in the school's handbooks. Such corrective action may include the termination of the enrollment of the parent's child/children.

1312.1: Parent/Student Complaints Concerning Parish/School Personnel

If a parent or student has a concern or complaint that has not been satisfactorily resolved at the level at which it has arisen, a grievance may exist. To maintain harmony within the Christian community, there should be a local process by which complaints can be handled promptly and fairly. Grievances should be addressed in an atmosphere of mutual respect and compassion so that an equitable resolution can be reached. Each parish/school is to develop and document local grievance procedures. Grievance procedures should be stated in the student/parent handbook. In a Catholic parish/school, grievance procedures are not legal hearings and are not intended to apply to complaints alleging criminal behavior. Neither party shall be permitted to have legal counsel at such meetings. It is incumbent upon parents to cooperate closely with the educators to whom they entrust their children. A grievance occurs when there is an unresolved concern between the parent or guardian of a student enrolled in a Catholic school or parish religious education program and an employee of the parish/school. Before any formal grievance can be initiated, the parent or guardian must meet with the employee with whom there is an issue to see if reconciliation can occur. If there is no resolution, the parent or guardian may initiate the grievance process by providing documentation of the concern to the employee's supervisor, generally within ten days of the initial meeting with the employee. Documentation must indicate the factual information regarding the concern, steps already taken to address the matter, and specific recommendations for resolution. The supervisor will schedule a meeting of all parties to work toward reconciliation. All individuals have a right to present their concerns fully and openly without fear of retribution. Grievance issues will be dealt with one at a time and on an individual basis only. The right to confidentiality will be respected within the context of finding a satisfactory resolution. If mutual resolution does not occur, the parent or guardian may provide the pastor or school president with written documentation of the unresolved concern and the steps already taken. The pastor/president may attempt to resolve the situation in one of the following ways:

- The pastor/president may convene the parties in an attempt to reconcile the concern.
- The pastor/president may contact the appropriate archdiocesan office for assistance in reconciling the concern.
- The pastor/president may convene a local grievance committee to review all details of the concern. The committee will submit a recommended resolution to the pastor/president for final consideration.

Once a review is complete and a final recommendation has been offered at a local level, there is no additional appeal of the decision at the archdiocesan level. The School Board of Directors, School Advisory Commission, School, and/or Parish Pastoral Council is not involved in the grievance proceedings and is not a source of appeal.

5120: Student Academic Progress

The progress of each student toward goals adopted by the school will be of central concern to the principal and staff. Student progress will be viewed comprehensively, taking into consideration all aspects of child growth: age, mental ability, personal and social needs, physical development, spiritual growth and faith development, academic achievement, and environmental factors which influence all of these dimensions. Progress determinations will be based on the philosophical belief that recognizes the worth and dignity of each individual.

5120.1: Assessment of Student Learning

“An excellent Catholic school uses school-wide assessment methods and practices to document student learning and program effectiveness, to make student performances transparent, and to inform the continuous review of curriculum and the improvement of instruction practices.” -NSBECS

Standard 8 Assessment is a comprehensive set of practices that analyze, inform, and drive student learning. Schools will employ a system of integrated assessment that includes:

- Routine, ongoing, and developmentally appropriate formative assessment at the classroom level toward the goal of responsive instruction for each student.
- On-going summative assessments at the classroom level measuring student mastery of content standards and extending the practice of responsive instruction for each student.
- Intermittent school-wide assessment providing normative data for progress monitoring of individual students, student groups, and school improvement.
- Standardized summative assessment to direct ongoing school improvement. To receive accreditation, all schools shall administer standardized assessments as required by the Office for Schools and/or legally required by the Parental Choice Program. Results of the testing are reported to staff, parents, students, and school representatives on an annual basis by the principal.

6111: School Term Calendar - Hours of direct pupil instruction must occur over a minimum of 172 days to commence after July 1, ending before the subsequent June 30. Teacher contracts shall be a minimum of 190 days. Contracted days that do not involve direct pupil instruction shall be used for appropriate professional development activities. .

6112: School Day - Minimum 6 hours and 30 minutes daily schedule shall include a maximum of 30 minutes time for pupils to transfer between classes but do not include the lunch period. (Wis. § 120.12 (15))

6112.1: Instructional Time - Annually 1,137 hours of direct pupil instruction are required [in grades 9 to 12]. Minimum six (6) hours and 30 minutes daily.

6113.1: Released Time for Course Options - Students who participate in shared programs in other institutions, including parochial and public schools, technical colleges, or universities, must present a signed statement from the parent(s) approving of the participation and assuming liability for student travel.

6120: Objectives of the Instructional Program - Each school/religious education program should have a written statement of its philosophy/mission and goals consistent with the current editions of the *Catechism of the Catholic Church*, the *National Directory for Catechesis*, the *National Standards and Benchmarks for Effective Catholic Schools*, and the parish/school mission statement. The mission/philosophy and goals should be cooperatively identified, clearly stated, and accepted by the school staff and/or the parish community. The statement should be reviewed annually. The school shall write a philosophy and goals for each curricular area. The goals are to be in compliance with the Wisconsin State Law as it applies to private schools.

6130: Organizational Plan for Instruction - The organizational plan for instruction should be based upon the knowledge that each person is a unique human being possessing the right to develop human potential to the fullest extent and that each person progresses through various stages of growth and development. The school and parish formation program plans should allow for the necessary flexibility in grouping, progressive sequencing of learning, adequate availability of resources, varied curricular experiences, and effective evaluation.

6141: Secondary School Curriculum Guidelines - Curriculum guidelines for each secondary school are locally developed, maintained, and revised in light of the school's accreditation standards.

Theology Curriculum: All high schools in the Archdiocese of Milwaukee shall implement the *High School Theology Curriculum* (2005) and offer/require eight semesters of theology for all students. These courses will be given the weight of and offered with similar frequency to other core academic subjects. If theology electives are offered, they must be an extension of core theology courses.

6141.12: Safe Environment Education - Safe Environment Education shall be a part of the curriculum in all elementary and secondary schools and parish religious education programs. All schools and parish religious education programs are required to use the Circle of Grace Safe Environment Curriculum. The curriculum is required to be taught to each grade level each year. Additional resources can be found on the Safe Environment Education web page.

6164.2: Student Support Services - Student Support Services promote the potential of the whole child within a context that honors each student's cultural, linguistic, and intellectual diversity. Student Service professionals are student advocates who work in partnership with other educators, parents / guardians, and community organizations to support the academic and social needs of all students. All schools should have a Student Support Service Team. In high schools, these services will be delivered primarily via the school's guidance / counseling department. The delivery model will vary at the elementary school level. Areas where Student Support Service Teams may promote the potential of the whole child include, but are not limited, to: Academic assessment and program adjustments • Academic and Career Planning (ACP) • Attendance issues • Community collaborations and partnerships • Mental health needs • Resources for students and families • Social / emotional development • Suicide Awareness

1.2 COURSE SELECTION & SCHEDULING PROCESS

Individual student course selections begin the process of building a master schedule for the high school community. A considerable amount of administrative, faculty and staff time leads to the strategic formation of a schedule that will best serve the needs of all SMSA students. This integral process is designed with educational intention and with respect to updated DPI standards, Archdiocesan requirements, and university/college expectations. SMSA budget and staffing decisions are directly informed by the finalized master schedule.

Therefore, because of its integral importance to organizational planning and mission, any subsequent student/family initiated changes in course requests must be formally submitted to a member of the Counseling Office using a Schedule Change Request Form. SMSA reserves the right to drop a course offering when an insufficient number of students have selected a course.

Course requests should be discussed with teachers and counselors. Students choosing a course against counselor/teacher advice may not have the choice approved. Exemptions to prerequisites can only be made by the principal, and students may be asked to submit a waiver form. A firm condition/ risk with any exempted prerequisite course: students may not drop the alternative/desired course in question at a later date.

An important step prior to submitting the Online Course Request Form is the dialogue between student and parent/guardian(s). Parents/guardians should review the **Curriculum Guide** academic policies, course descriptions and prerequisites, and each potential course selection with their daughter/son to assure that graduation requirements and college expectations will be satisfied. Consultations with the Counseling Office are strongly recommended.

1.3 REQUESTING A SCHEDULE CHANGE

- A). To maintain integrity and good record keeping in the registration process, course change requests may not be accomplished via phone, text or email communications. Any subsequent student/family initiated changes in course request/schedule must be formally submitted to the Counseling Office using a Schedule Change Request Form.
- B). A request to add or drop a course after classes begin may be submitted up to 8 school days after the start of a semester. Students that withdraw from a course after the designated add/drop deadline must have their course grade recorded as either WP (withdrawn passing) or WF (withdrawn failing). Courses may not be added after the add/drop deadline each semester. J-Term courses are finalized in November of each school year and changes are not possible after the time of finalization without a documented medical or other compelling excuse approved by the principal.
- C). Students will not be assessed a fee for SMSA initiated course schedule change.
- D). **Student or parent initiated changes to course schedules may be subject to a late change fee of \$50.** Exceptions to this policy are determined by administration, and only for exceptional circumstances, which may include:
 - i. to avoid academic failure of the student based on the recommendation by the instructor.

- ii. to schedule a course requirement for graduation which the student failed after submitting his/her schedule.
- iii. to add a course that is immediately necessary for graduation.
- iv. to rectify an error or mistake on the part of the school.
- v. to accommodate physical, emotional or medical needs and/or learning related challenges.

E). SMSA reserves the right to cancel any course in the curriculum due to insufficient enrollment.

F). Due to the many variables related to the master scheduling process, SMSA is unable to accommodate requests from students or parents for a specific teacher.

1.4 SMSA GRADUATION REQUIREMENTS

Students in the **Class of 2027** are required to earn **26.5 academic credits** and accomplish the following prescribed coursework to earn a high school diploma from SMSA. To be eligible for grade level promotion, Class of 2027 students shall be on track with graduation requirements and will have earned at least 7.0 credits after freshman year, 13.5 credits after sophomore year, and 20.0 credits after junior year.

Students in the **Class of 2028 and later years** are required to earn **28.0 academic credits** and accomplish the following prescribed coursework to earn a high school diploma from SMSA. To be eligible for grade level promotion, students in the Class of 2028 and later years shall be on track with graduation requirements and will have earned at least 7.0 credits per academic year.

Ledgers who do not meet these minimum requirements and benchmarks may be placed on academic monitoring which shall require credit recovery prior to grade level promotion at SMSA. Students may be withdrawn from SMSA for academic reasons if they are unable to accumulate enough credit to graduate with their original grade level/class.

ALL Ledgers must earn **0.5 credits of J-Term coursework annually** (included in the totals above) while enrolled at SMSA. Seniors are required to record 8 hours of verified community service through the Beatitudes Project during the J-Term as a condition of graduation.

TABLE of GRADUATION REQUIREMENTS (listed in Academic Credits)

GRADUATION REQUIREMENTS	Theology	4.0	Required by Archdiocese of Milwaukee
	English	4.0	Required by the State DPI and Archdiocese of Milwaukee
	Mathematics	3.0	Required by the State DPI and Archdiocese of Milwaukee
	Natural Science	3.0	Required by the State DPI and Archdiocese of Milwaukee
	Social Studies	3.0	Required by the State DPI and Archdiocese of Milwaukee. Includes 2.5 credits combined in World History, US History, American Government, and passing the Civics Exam.
	Phy-Ed & Health~	1.5	Required by the State DPI and Archdiocese of Milwaukee. ~Must include 0.5 credits of Health; 0.5 credits of PE 100
	Fine Arts/ Business Ed	1.0	0.5 credits in Fine Arts and 0.5 credits taken in Business Education courses. <i>Class of 2028 and later shall earn 0.5 credits of Personal Finance course (per State DPI)</i>
	Elective Courses	6.0	Courses may be selected from any academic content area
	World Language	1.0	2.0 credits are recommended for college bound students
	J-Term Elective	0.5*	Required of all students <i>*annually</i>
	REQUIRED CREDIT TOTAL	26.5	Applies to the Class of 2027
	REQUIRED CREDIT TOTAL	28.0	Applies to the Class of 2028 and later years

*Students who attend SMSA for grades 9-12 will earn 2.0 credits in J-Term coursework.

IMPORTANT POLICY: An SMSA high school diploma may not be awarded to any student until all academic requirements are fulfilled, and with tuition/fees paid in full prior to the date of their Class graduation. In addition, all school materials (i.e. Chromebook, textbooks...) must also be returned prior to awarding of diplomas. Students who have not accomplished all graduation requirements prior to the date of their Class graduation may not participate in commencement exercises.

1.5 GRADING SYSTEM - ACADEMIC EVALUATION

A). Academic Grading Scale: The high school academic year is organized into two semesters and an interim January Term, or "J-Term." Semester I & II and J- Term grades are the ONLY "permanent marks" that appear on a student's official high school transcript. Quarter grades and Progress Report Mid-Quarter grades do appear on Skyward Report Cards, but are not considered official for transcription purposes.

Grading Scale

Letter Grade	Grade Percent Equivalent	Unweighted Grade Point Equivalent Applied to SMSA Standard Curriculum	Weighted Grade Point Equivalent Applied to SMSA AP and University Courses
A+	100-98	4.3	5.3
A	97-93	4.0	5.0
A-	92-90	3.7	4.7
B+	89-87	3.3	4.3
B	86-83	3.0	4.0
B-	82-80	2.7	3.7
C+	79-77	2.3	3.3
C	76-73	2.0	3.0
C-	72-70	1.7	2.7
D+	69-67	1.3	2.3
D	66-63	1.0	2.0
D-	62-60	0.7	1.7
F	Below 60	0	0

St. Mary's Springs Academy supports a **weighted-grade method** of calculating Grade Point Average for select courses, including Advanced Placement and/or qualified courses offered for dual credit through college partnerships. All courses that qualify are listed on page 21 of this Curriculum Guide, and also designated with a red lettered "**weighted**" in the **Section 2 Department Course Descriptions**.

- Weighted course status shall be determined by the administration and published in the Curriculum Guide each year.
- Students in these designated courses will earn an additional 1.0 increase Grade Point Equivalent (GPE) which will impact their Grade Point Average (GPA) for the grades earned in those courses. Regular curriculum courses (any course not designated as weighted) will not receive enhanced GPE weighting.
- Updates to these policies within the Curriculum Guide and Student-Parent Handbook shall follow the adoption of this new system.

A 10-point grading scale is the established norm at SMSA.

- The 10-point grade percent equivalent (i.e. 90%-100% = Grade A range) commenced for all students during the 2023-24 school year and will not be retroactively applied.
- Updates to these policies with the curriculum guide and student handbook shall follow the adoption of this new system.

B). SkyWard - Student Information System (SIS): Upon enrollment, SMSA students and parent/guardian(s) are given access codes through a parent portal to the SkyWard attendance and grading system. SkyWard serves as a real-time progress report for all students and parents. Grading information is maintained regularly throughout the school year by individual teachers. The SMSA standard/expectation is that new gradebook entries (may be formative or summative assessments) shall be submitted weekly by teachers into SkyWard. Parents are encouraged to regularly monitor their student's academic progress via SkyWard.

C). Parent/Guardian - Teacher Conferences: Formal conferences are offered for all parents and guardians after the first quarter and after the third quarter. SMSA home and school engagement goals depend on positive attendance on these important conference dates. Academic conferencing (in-person or virtual) can be arranged at other times by appointment as requested by individual parents, teachers, administrators or counselors.

D). Report Cards & Progress Reports: Within each school year, student academic progress is formally reported eight times: at the conclusion of Semester I & II formal Report Cards are available through the Skyward Family Access portal; at the end of Quarter 1 and 3, updated reports of academic progress are posted in the Skyward Family Access portal; at each mid-quarter point, a progress report is also posted to the Skyward Family Access portal.

E). Honor Roll: Honor Roll is published at the end of Semester I and II ONLY. All students are eligible for Honor Roll. There are two categories of academic honors: 'Honor Roll' includes students with a Semester GPA of 3.5-3.89. 'High Honor Roll' includes students with a Semester GPA of 3.9 or higher.

1.6 ACADEMIC PRACTICES & TERMINOLOGY (alpha listing):

A). Academic Eligibility for Co-curricular Participation: Co-curricular eligibility for participation in athletics, theatre, clubs and organizations, field trips and school travel is linked directly to academic performance. **There are 8 eligibility review periods in each school year: 4 mid-quarter progress reports; Quarter 1 & 3 report cards; Semester 1 & 2 report cards.** Co-curricular ineligibility stipulates that a student may not participate in any co-curricular activity while serving academic probation or after earning a failing grade in any course at any of the 8 eligibility review periods. Students may appeal their co-curricular ineligibility to the Assistant Principal Dean of Student Life after the designated period of school days (determined by number of failing grades).

SMSA CRITERIA: To be fully eligible for participation in SMSA athletics or co-curricular activities, Ledgers must pass all of their courses at the Quarter grading periods. Students with one or more failing grades (F) at the grading period are determined to be **temporarily ineligible** for participation in SMSA athletics or co-curricular activities. Students may regain eligibility by improving their failing grade to a passing grade within the designated period of time.

Students with ONE "F" grade: May complete a **Regain Student Eligibility Form** and submit this to the Assistant Principal, Dean of Student Life for reinstated eligibility no sooner than 8 school days from the "effective date" of the notice. If the Assistant Principal, Dean of Student Life shall verify the grade improvement and ZERO "F" grades in all courses, the student shall regain athletic and co-curricular eligibility on the NEXT calendar date. If the student cannot demonstrate ZERO "F" grades after 8 school days, they may apply for reinstatement on any day up to day 15 past the effective date. If the Assistant Principal, Dean of Student Life shall verify the grade improvement and ZERO "F" grades in all courses, the student shall regain athletic and co-curricular eligibility on the NEXT calendar date. If the student cannot demonstrate ZERO "F" grades after 15 school days, they may not apply again for eligibility until the next grading period.

Student with TWO "F" grades: May complete a **Regain Student Eligibility Form** and submit this to the Assistant Principal, Dean of Student Life for reinstated eligibility no sooner than 15 school days from the "effective date" of this notice. If the Assistant Principal, Dean of Student Life shall verify the grade improvement and ZERO "F" grades in all courses, the student shall regain athletic and co-curricular eligibility on the NEXT calendar date. If the student cannot demonstrate ZERO "F" grades after 15 school days, they may not apply again for eligibility until the next grading period.

Student with THREE or more "F" grades: Shall remain ineligible to participate in athletic and co-curricular activities and may not apply again for athletic or co-curricular eligibility until the next grading period.

B). Academic Grievance Process:

- i. Parents shall contact a **teacher** directly with questions or concerns about course content, expectations, student academic performance, or grading.
- ii. Parents may contact a **counselor** if a matter of grievance is unresolved with a teacher directly.
- iii. Only after engaging with the classroom teacher & counselor should parents contact an **academic administrator** (director of pupil services; assistant principal; principal) regarding a matter of academic grievance.
- iv. The **president** shall only be involved if the principal has been unable to resolve a grievance in steps i - iii.
- v. The president may choose to consult an **ad hoc committee** to consider and advise on a matter of grievance.
- vi. The decision of the president is final.

C). Academic Monitoring: A period of close academic supervision for individual students. The faculty and staff of St. Mary's Springs Academy has high expectations for student academic progress and success. Likewise, SMSA also provides high levels of support for our students' growth and development. Should a student demonstrate academic frustration, struggle, disengagement, poor study habits, or behaviors and habits that may block academic success, parents may receive written notice that one of the following interventions may be initiated by SMSA to monitor and support their student:

1. Academic Warning: An Academic Warning may be earned by any enrolled student who demonstrates one or more of the following:

- a. A pattern of underachieving as determined by their teacher or members of the academic administration.
- b. Has demonstrated consistent disengagement from classroom activities, homework assignments, or other academic responsibilities
- c. Frustration with their own achievement or ability to learn.
- d. A consistent pattern of decline in learning outcomes.
- e. Distress or a feeling of being overwhelmed in the process of learning or meeting academic requirements

Students who earn academic warnings will be guided to develop a plan of improvement which shall be supported by a designated teacher, the Counseling Office, and/or Pupil Services. Students placed on academic warning may temporarily lose eligibility for some extra curricular activities at the discretion of the administration. Parents will be notified with a written notice if their student may be monitored under Academic Warning interventions.

2. Academic Probation: Academic Probation is a period of close academic supervision for individual students. Parents are notified of Academic Probation with a written notice. Academic Probation may apply to any enrolled student who:

- a. Has earned two or more failing grades at the end of any quarter or semester.
- b. Has earned a failing grade/credit deficiency in a course that is required for graduation.
- c. Has fallen behind in earning the minimum credit requirements to be on track for graduation.
- d. Has three or more incomplete grades at the end of a semester.

Failure to meet the goals set in academic probation monitoring may result in mandatory summer school, lack of promotion, loss of ability to graduate on time, or withdrawal from school. The Administration and Counseling Department will review the academic progress of each student who is serving a period of Academic Probation. Students who are placed on Academic Probation will also be ineligible to participate in any co-curricular activities (athletics, theater, clubs and organizations, field trips and school travel). A formal probationary review may be conducted at grading periods. If there is not significant improvement in the student's performance, a student may be withdrawn from SMSA.

D). Advanced Placement Program® (AP): The Advanced Placement Program® (AP) enables willing and academically prepared students to pursue college-level studies while still in high school. The program consists of college-level courses developed by the AP Program that high schools can choose to offer, and corresponding exams that are administered once a year in May. Currently, SMSA offers AP Biology; AP Literature; and AP US History. For additional facts and benefits about the AP Program, please see Appendix A. **NOTE: All AP courses at SMSA are on the weighted grading scale.**

E). Class Rank Policy: Over the past several decades, high performing private high schools and many public high schools around the country have eliminated class rank. High schools like SMSA with a large percentage of students going onto four-year colleges realize that class rank sometimes separates high achieving students by very small margins - sometimes less than a tenth or a one-hundredth of a point. SMSA has a rigorous curriculum and talented students. The cumulative ranking system does not fairly or accurately represent student achievement and can inadvertently mislead college admission officers about a student's ability. **Therefore, SMSA does not rank its students.** The exception to this is an internal ranking of students (*never a public ranking*) whenever it is necessary for SMSA to determine Class Valedictorian and Salutatorian and student eligibility for The Wisconsin Guarantee Program, Act 95.

F). Cooperative Academic Partnership Program (CAPP) Dual Credit & Early College Credit (ECCP): In the State of Wisconsin, high school students who are academically qualified and accepted for university coursework may receive both high school and college credit simultaneously in designated courses. All CAPP or ECCP or direct college credit courses from a 4 year institution of higher learning that are offered at SMSA are weighted at a higher grade point equivalent to acknowledge the advanced rigor of these classes. Currently at SMSA, CAPP courses are not available.

Independently, Marian University provides dual college credit options for SMSA students who enroll in Calculus I; Calculus II; College Physics, College Statistics and Probability. See Section 1.9 or Department course descriptions, and Appendix A for further details dual college credit courses.

G). Credit Recovery: A meeting will be arranged with parent/guardian, student, Counselor, and Director of Pupil Services if needed, to determine the best plan for recovery of academic credit which has been lost after a student earns a semester “F” grade. Students may not carry a failing grade in a required course into the next academic year without an individualized plan to recover the lost academic credit.

H). GPA = Grade Point Average: A student’s GPA is based on earned grade point equivalent distributed as noted in the Grading Scale table above. A student’s *Cumulative Grade Point Average* is calculated to account for all high school classes completed.

I). GPE = Grade Point Equivalent: The numerical equivalent of a grade.

J). INC = Incomplete: An INC grade may be given in a formal grading period whenever a student has been absent for a legitimate reason (e.g. illness, family bereavement, or approved extenuating circumstances). Students shall have up to 10 school days after the grading period ends to change an INC grade to a permanent letter grade. The period may be extended by the principal in extreme cases.

K). Late and/or Missing School Work Policy: Informed by the Ledger Way core values of respect, responsibility and community, all SMSA teachers and students abide by the same norm for late and missing school work. Missing work is not only disruptive to the student, but also to the learning of other students, the efforts of teachers and the overall learning process. When a medical excuse or other valid extenuating circumstances are verified, exceptions may be granted. As a standard practice, however, students and parents should be advised of the following SMSA norm:

- i. Assignments submitted **one calendar day late** shall be accepted, but may earn 95% of full grade potential.
- ii. Assignments submitted up to **3 calendar days late** shall be accepted, but may earn 90% of full grade potential.
- iii. Assignments submitted **4-7 calendar days late** shall be accepted, but may earn only 80% of full grade potential.
- iv. Assignments submitted **8 or more calendar days late** shall not be accepted, and result in a “zero” (0%) grade.

M). MED = Medical Excuse: Issued when a student has a medical excuse to withdraw from a class. This will not affect GPA. A MED may only be granted by the school administration with documentation of circumstances.

N). Semester Failures: Credits are awarded on a semester basis for all courses. Students who fail either the first or second semester of a required course must make up the semester or its equivalent. No academic credit or grade point equivalent is earned from semester failures. Failure during J-Term will also require credit recovery to replace the lost credit.

O). Syllabus: Each teacher is expected to share and review a course syllabus with students at the beginning of the semester. The course syllabus provides information about the course content and learning goals as well as identifying applicable academic standards, grading and classroom management policies, and student behavior expectations.

P). Transferring Grades: Grades transferred from any outside institution will be recorded using that previous institution’s grade. All grades that are transferable will be transcribed and calculated into the students’ SMSA high school GPA.

Q). Valedictorian & Salutatorian: Even though SMSA does not ‘rank’ students (as described in letter E), the top two students of every graduating class are recognized. The Class Valedictorian is the student who has earned the highest cumulative grade point average over the first seven (7) semesters of high school, and thus ranks first academically in their class. The class Salutatorian is the student who has earned the second highest cumulative grade point average in their class over the first seven (7) semesters of high school, and thus ranks second academically in the class. **A student’s cumulative GPA** includes all grades earned in any weighted and unweighted classes completed by the student over the course of at least seven consecutive semesters at SMSA. To be eligible for either of these honors, a student must:

To be eligible for either of these honors, a student must:

- i. Attend SMSA high school for a minimum of seven consecutive semesters.
- ii. Demonstrate a behavioral and attendance record consistent with the mission of SMSA.
- iii. Complete their final semester of senior year with high academic achievement consistent with their record.

***The State of Wisconsin Academic Excellence Award** provides a scholarship to the valedictorian of each senior class. In case of a tie, the determination for the award will be as follows:

- i. The GPA will be extended to the third decimal. If a tie remains,
- ii. The number of credits of advanced curriculum coursework (defined in this curriculum guide) completed at SMSA will be totaled. If a tie remains,
- iii. The highest ACT score will be used.

R). Virtual Learning: Families may request periods of short term virtual learning at SMSA. All requests must be reviewed and approved by the administration. To apply for virtual learning at SMSA, parents shall use the form found on the Website at <https://www.smsacademy.org/virtualrequest/>. More information about virtual learning can be found on p. 44 of this Curriculum Guide. Virtual learning options through SMSA should not be assumed by parents or students.

S). WF = Withdrawn-Failing: Issued when a student has a failing grade at the time of course withdrawal after the add/drop date. Will affect GPA because an F is calculated into a GPA. Included on the permanent transcript record.

T). WP = Withdrawn-Passing: Issued when a student has a passing grade at the time of course withdrawal after the add/drop date. Will not affect GPA. A WP may only be initiated by a teacher, counselor, or administrator and only if unusual circumstances exist. Included on permanent transcript record.

1.7 HIGH SCHOOL ENROLLMENT CRITERIA & ADMISSION PROCESS

A). Admission Checklist and Timeline for Current 8th Graders Applying for Freshman Year: The following steps must be accomplished to be accepted to SMSA for high school studies:

- i. Submit an SMSA High School Admission Application (Fall of 8th grade year)
- ii. Register for the High School Placement Test-HSPT (Fall of 8th grade year)
- iii. Take the High School Placement Test-HSPT (administered on campus in November of 8th grade year)

B). Admission and Placement: SMSA follows this process for reviewing applications and placing 8th grade students into freshman year studies:

- i. A file is started for each applicant.
- ii. Grade school records (including 7/8th Grade Report Cards; Forward Test Results) are added to the student file.
- iii. HSPT results are reviewed and added to the student file.
- iv. Each student application file is reviewed by the SMSA High School Admission Team consisting of Enrollment Director; Director of Pupil Services; Principal. Other educators may be consulted should there be a need for added evaluation or perspective.
- v. Students receive a formal welcome/acceptance letter with a date specified for orientation/registration.
- vi. Parents formally “register”/enroll students by scheduling freshman classes and submitting a tuition deposit.

C). General Admission Criteria: SMSA hopes to ensure a good match between student needs and ability with the high school curriculum and culture. The Admission Team searches for evidence that its expectations and programs are a good “fit” with the goals, abilities and needs of student applicants. In general, students who meet the following criteria succeed at SMSA:

- i. *Student academic performance is assessed to be at or above grade level.* Students who may perform below grade level in reading, language arts or mathematics may have admission to SMSA high school deferred.
- ii. *Student attendance and behavioral record is positive.* Students who demonstrate a history or pattern of truancy or poor behavior may have their admission deferred.

D). Transfer Students: Students who have begun their high school education at another school and would like to apply for admission to SMSA may submit an application on a rolling basis. Transfer students shall be admitted to begin classes at the beginning of a semester ONLY, unless there has been a change of address or extenuating family circumstances. Mid-semester transfers are not always in the best interest of students - as academic credit may not always finalize or transfer, placing a student “off track” for grade level/class graduation. To be admitted, the applicant’s school records must be reviewed and these must provide evidence that the applicant is in “good standing” academically, behaviorally and with attendance history. In order to gain admission to SMSA, at the time of admission a transfer applicant must have earned enough academic credits to be “on track” to graduate “on time” with their grade level/class.

COLLEGE/CAREER PLANNING AND COURSE SELECTION

Careful planning is necessary when students are choosing courses, particularly when they are unsure of a future profession or educational plans. Students should enroll in a variety of courses with challenge levels that are consistent with their abilities. Students are encouraged to seek advice from parents, teachers, counselors, and professionals in their field of interest.

GUIDELINES

FOR COURSE SELECTION

Students interested in a science, technology, engineering or math (STEM) field should consider the following guidelines:

- ▶ English: Four credits in academic, honors, or AP courses
- ▶ Mathematics: Four credits in academic, honors, or AP courses
- ▶ Science: Three or four credits in academic, honors, or AP courses
- ▶ Social Science: Three credits in academic, honors, or AP courses
- ▶ World Language: At least two credits in the same language
- ▶ Others: Choose courses that will give as broad a base as possible

Students interested in humanities including business, education, social work, fine arts, law, politics, language, etc. should consider the following guidelines:

- ▶ English: Four credits in academic, honors, or AP courses
- ▶ Mathematics: Four credits in academic, honors, or AP courses
- ▶ Science: At least three credits in academic, honors, or AP courses
- ▶ Social Science: At least three credits in academic, honors, or AP courses
- ▶ World Language: At least two credits in the same language
- ▶ Others: Choose courses that will give as broad a base as possible

Students interested in obtaining a two-year degree or a certificate, joining the military, or entering the workforce upon graduation should consider the following guidelines:

- ▶ English: Four credits
- ▶ Mathematics: At least three credits
- ▶ Science: At least two credits
- ▶ Social Science: Three credits
- ▶ World Language: Not required, but two credits of the same language are recommended.
- ▶ Others: Choose courses that will give as broad a base as possible. Sample technical and computer courses as electives

There are significant variations among U.S. colleges and universities in admission requirements and expectations. The high school courses required by each college are listed in college catalogs and on their websites.

Students are urged to use online college resources for the most current information about college admission requirements.

GRADES

Grades in high school courses, especially in “core” academic courses (e.g. English, Math, Science, Social Studies), are evaluated. While colleges will look closely at all grades, the first three years of high school are critical because at the time of application, the senior year grades are not yet available. A few seniors may be required to submit to their college first quarter grades before an admissions decision can be made. Colleges routinely request first and second semester senior year grades as proof of continued academic success.

Test Results - which may include:

ACT – administered by the ACT Company
SAT – administered by the College Board Company
SAT II – subject-specific tests
Accuplacer – administered by WI technical colleges

ADDITIONAL FACTORS - that may influence admission can include recommendation letters, essays, involvement in extracurricular activities, leadership, service, talent, and accomplishments both in and outside of school.

Take classes outside the core curriculum
such as **art, career and technical
education, & music** to explore interests
and to demonstrate a well-balanced
academic background.

Requirements for Admission - UW SYSTEM

High school course work should prepare students for success in college by helping develop strong skills in at least four core content areas – English, Mathematics, Social Science and Natural Science. World Language is also required for admission to some campuses and is strongly recommended by others. (World Language is a graduation requirement to earn a college degree at some of the UW System colleges-and others).

Some courses – sometimes identified as core courses – do not meet college credit requirements for admission. Remedial or basic courses do not offer the same depth of subject matter as a regular or advanced college preparatory course. One UW system campus may accept a high school course while another may not, depending on the academic goals and mission of each campus. University admissions officers make decisions based on local faculty policies and other criteria.

The following information is designed to guide you in selecting college preparatory courses. The examples illustrate the types of courses that may be acceptable to colleges, but they do not cover all possibilities. If you have any questions about the acceptability of specific high school courses, contact the high school counselor, the admissions office of the institution you plan to attend, or visit the UW Help website at <https://uwhelp.wisconsin.edu>. This information has been provided from the Introduction to the University of Wisconsin System.

College Preparatory Course Requirements - UW SYSTEM

All UW system institutions require a minimum of 17 high school credits distributed as follows:

- ▶ 4 English credits
- ▶ 3 Mathematics credits
- ▶ 3 Natural Science credits
- ▶ 3 Social Science (Social Studies) credits
- ▶ 4 elective credits

Elective credits are chosen from the core college preparatory areas above, and/or world language, fine arts, computer science and other academic areas. A minimum of two credits of a single world language is required for admission to UW-Madison, and may help meet graduation requirements at other UW system campuses.

Wisconsin Pathways to First-Year Student/Freshman Admission

Starting August 1, 2024, the Universities of Wisconsin began offering **THREE PATHS** to first-year student/freshman undergraduate admission for Wisconsin high school students:

1. **Traditional first-year student/freshman admission application process**
2. **Direct Admit Wisconsin**
3. **The Wisconsin Guarantee**

All three paths to admission require students to meet the minimum admission criteria. Neither Direct Admit Wisconsin nor The Wisconsin Guarantee provide guaranteed admission into a specific major, program, school, or college. Rather, they provide admission to Universities of Wisconsin.

1. **Direct Admit Wisconsin** → Ten of 13 Universities of Wisconsin are currently participating in Direct Admit Wisconsin. Direct Admit Wisconsin offers early and proactive admission to participating UW universities to high school juniors at participating Wisconsin high schools. The UWs collaborate with participating high schools to review student academic records (high school courses and GPA) at the end of their junior year and make offers of admission to participating UW universities **without the need for students to submit a traditional admission application**.
2. **The Wisconsin Guarantee** → The Wisconsin Guarantee offers guaranteed admission to all Universities of Wisconsin except UW-Madison to first-year applicants from Wisconsin high schools who are in the top 10% of their class at the end of 11th grade, or Wisconsin residents who are home schooled and receive an ACT score in the national 90th percentile ranking or higher or are a National Merit Scholarship finalist. First-year applicants from Wisconsin high schools who are in the top 5% of their class at the end of 11th grade, or Wisconsin residents who are home schooled and receive an ACT score in the national 98th percentile ranking or higher or are a National Merit Scholarship finalist will be guaranteed admission to the UW-Madison through The Wisconsin Guarantee. **Students must still complete an application to access The Wisconsin Guarantee.** Applicants pursuing guaranteed admission to UW-Madison must submit their application (Universities of Wisconsin Application or the Common App) by the Early Action admission deadline (November 1). Applications to all other UWs must be submitted by individual UW university regular application deadlines.
3. **Traditional Admission** → The traditional admission process requires students to complete an application (Universities of Wisconsin Application or for some UWs, the Common App). Applications are available on August 1 prior to the year of intended enrollment. Students must submit the application and all requested materials according to the UW university application deadline. Applicant materials will be reviewed holistically on the basis of multiple factors.

1.9 LISTING OF ADVANCED/ WEIGHTED COURSE OFFERINGS

The **Weighted Grading Scale** is applied **ONLY** to each of the following ten courses:

AP Courses - Prepares students for AP exams administered nationally in May. May earn college credit.
Cost: \$90 Test Fee

- 283 AP BIOLOGY (see p. 31)
- 880 AP LITERATURE (see p. 26)
- 548 AP PRECALCULUS (see p. 30)
- 961 AP US HISTORY (see p. 34)

MARIAN UNIVERSITY

College Dual Credit Courses - May earn direct (dual) college credit.

Cost: \$99 per college credit

- 290 COLLEGE PHYSICS (see p. 32)
- 544 COLLEGE STATISTICS & PROBABILITY (see p. 30)
- 590 COLLEGE CALCULUS I (see p. 30)

Moraine Park Technical College Dual Credit Courses

*Earn direct MPTC credit and transferable college credit.
Cost: Waived for all SMSA students

- 835 SPEECH (see p. 25)
- 894 ENGLISH COMPOSITION I (see p. 26)
- 895 ENGLISH COMPOSITION II (see p. 26)

Counselor Note: With all dual credit courses taken at SMSA, students should plan to contact the college(s) where they wish to enroll to verify whether dual credit coursework will be accepted/transferable.

*** Note this important MPTC disclaimer and clarification:** These **MPTC** courses above are verified for their "transferology" capacity as both Technical College level academic credit as well as Four Year College level dual academic credit. The MPTC Business Education courses (listed on P. 23-24) are verified only for dual Technical College academic credit, not transferable dual Four Year College level academic credit, thus are not listed above.

SECTION 2

COURSE DESCRIPTIONS
& OFFERINGS FOR 2026-27

ACADEMIC DEPARTMENTS
are listed ALPHABETICALLY

S T. M A R Y' S S P R I N G S

———— Academy ————

On the pages that follow are the course options and requirements for SMSA students. **Academic departments are listed alphabetically.** When a course enrollment requires a prerequisite, students should not request that course unless they are currently enrolled in, or have successfully completed that prerequisite. If a student requests a course without having the prerequisite met, the student may be notified that he/she will not be enrolled in that course.

Business education courses are designed to allow students to build technological, financial, and basic business skills. Students will use and further develop their 21st-century technology skills in all courses. Additional topics emphasize the importance of financial and economic knowledge to be a responsible consumer and informed citizen. The accounting and economics courses focus on fundamental concepts of business, and a foundation for a business-related studies or degree.

*Through an agreement with Moraine Park Technical College, SMSA students can earn 2-4 technical college credits. There is no additional cost to SMSA students. For students interested in MPTC credit, registration will occur during the first quarter of the course with the teacher. All classes occur at SMSA and are taught by an SMSA faculty member. See Appendix A for additional information about college credit/dual credit courses at SMSA.

710 MS OFFICE ESSENTIALS I

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: None

*Moraine Park Technical College will record this on their student transcript as BOTH:

103-160 Microsoft Word (2 MPTC credits) &

103-180 Microsoft Excel (2 MPTC credits)

In this semester-long course students are introduced to the functions of Microsoft Word and Excel. Students are expected to format a variety of documents for interpersonal communication and personal record-keeping. Web-based applications for production, skill development, research, and collaboration will be used to give students opportunities to improve their technology skills and share their creativity. Students are encouraged to find innovative ways to create a visually-appealing final assessment product.

711 MS OFFICE ESSENTIALS II

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 710 MS Office Essentials I

*Moraine Park Technical College will record this on their student transcript as BOTH:

103-181 Microsoft Access (2 MPTC credits) &

103-182 Microsoft PowerPoint (2 MPTC credits)

In this semester-long course, students are introduced to the functions of Microsoft Access and PowerPoint. Students develop skills to manage relational databases by completing various activities using Microsoft Access in a hands-on format. Students will build skills essential to unlocking the potential of a fully functional RDBMS (relational database management system). Access is a database program which keeps track of large amounts of data and organizes it in a useful manner. Students must have a working knowledge of a computer system. Microsoft PowerPoint is a Windows-based software that facilitates the design and creation of presentations in the form of text, clip art, animation, organizational charts and tables. Students produce interactive presentations with sound and other enhancements. Part of the Office Software Suite Certificate or as the first step in preparation for the Microsoft Certification test on PowerPoint. Students should have a basic understanding of a computer system.

***NOTE:** MS Office Essentials I & II combined with 103-189 Microsoft Windows through MPTC will allow students to achieve the Office Software Suite Certificate. Please ask Counselors about this option.

720 PHOTOSHOP PLUS

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 710 MS Office Essentials

*Moraine Park Technical College will record this on their student transcript as:

103-170 Beginning Photoshop (2 credits)

This course emphasizes the creation of multimedia projects. Photoshop will allow students to transfigure photographs to use in video and print projects. Students will use video and audio equipment to produce files and then integrate them to make such things as movies and podcasts. In addition, advanced functions of Excel and Access will be executed to manipulate and display data. This is a class in which students will have opportunities to work both collaboratively and independently to build their technology skills.

725 PERSONAL FINANCE

0.5 Credit / Semester Course

Grades 9-10-11-12 • Prerequisite: None

NOTE: The State of Wisconsin DPI strongly encourages high school students to take a personal financial management course. This course fulfills State standards. Beginning with the Class of 2028, passing this course is required for graduation in the State of Wisconsin. What is your definition of financial success? Whether it includes being a valued employee, pursuing business ownership, making a commitment to supporting charitable organizations, or providing for a family, decisions you make affect your ability to experience success. Investigate the relationship between education, income, and career choice. Develop a plan for achieving financial goals by designing a budget and researching investment options. Banking services and checking account maintenance are studied. **Students will interpret various tax forms to complete a 1040 income tax form.** Understand the purposes of using credit and how being an informed consumer affects your creditworthiness. Learn ways to protect yourself from identity theft and other fraudulent practices. Examine the need for various types of insurance as protection from loss. Explore smarter savings, wiser investing, and better spending habits as tools to reach financial success.

731 GENERAL ACCOUNTING

0.5 Credit / Semester Course

Grades 11-12 • Prerequisite: None

*Moraine Park Technical College will record this on their student transcript as:

101-112 Accounting 1 (3 credits)

Students learn about the accounting procedures of a sole proprietorship, including journalizing, posting to the general ledger, preparing financial statements, and completing fiscal year-end work. Computer software is used to simulate working in an accounting office. Using the format of Monopoly, students will run their own business in an interactive group activity and realize their importance in helping the financial community thrive. Any student considering a career in business would benefit from this introductory course.

733 APPLIED ACCOUNTING

0.5 Credit / Semester Course

Grades 11-12 • Prerequisite: 731 General Accounting

In this semester course, students explore accounting for a corporation. Several activities are completed using computer software. Important topics include payroll, depreciation of plant assets, investments, taxes, accounting for uncollectible accounts, and preparing work for the corporate end of the fiscal period. And, if all goes well, students may learn how to “make” and “sell” apple pie!

740 DIGITAL ARTS AND DESIGN

0.5 Credit / Semester Course

Grades 10, 11, 12 • Prerequisite: 710 Microsoft Essentials

*Moraine Park Technical College will record this on their student transcript as:

103-174 In Design (2 credits) and 2014-102 Vector Illustration 1 (2 credits)

Technology is used in every career. This course explores software applications that are specific to graphic design, interior design, and web design. Students will be introduced to Illustrator and InDesign to develop their marketable technology skills. To refine these skills, students will lay out user-friendly websites.

757 ECONOMICS

0.5 Credit / Semester Course

Grades 11-12 • Prerequisite: None

Economics is basic to all businesses and our individual existence. Students learn about the relationship between supply and demand, economic systems, elasticity, and the government's role in the economy, the Federal Reserve System's control of the money supply, market structures, and the economic indicators that define the economy. To assist in seeing these concepts active in society, students will participate in an online simulation, where students will research and track stocks in various sectors, then invest \$100,000 in securities currently trading on the U.S. stock exchanges.

Business education courses are designed to allow students to build technological, financial, and basic business skills.

English-Graduation Requirement: 8 semesters and 4 credits of English

The English curriculum provides courses that guide students in attaining skills in language, reading, writing, speaking, and listening. A variety of literary styles and authors form the basis for each grade level of instruction. High school students in Wisconsin are required to successfully complete eight semesters (4.0 credits) of English. The department offers three courses for dual college credit and one AP course. All **four** of these advanced courses (designated in red) use **weighted scale grading**.

813 ENGLISH 9: LANGUAGE AND LITERATURE

1.0 Credit / Yearlong Course

Grade 9 (Required for all Freshmen) • Prerequisite: None

Students will focus on writing and literature through a study of different genres including poetry, epic poetry, short stories, novels, and drama. Genres are further developed through supplemental non-fiction material. As students read and comprehend texts, they will develop their skills of interpretation, inference, and literary analysis. Students will compose a variety of writings following the conventions of standardized English.

823 ENGLISH 10: A SURVEY OF WORLD LITERATURE

1.0 Credit / Yearlong Course

Grade 10 (Required for all Sophomores) • Prerequisite: English 813

World Literature explores the complexity of humanity through a study of literary classics from ancient history to the modern era. Students will study a variety of complex texts, responding to works of both historical and cultural significance; improve literary analysis skills; compose a range of authentic writings using standard English conventions; and utilize intentional language choices with the intent of promoting cultural awareness and broadening student perspectives.

833 ENGLISH 11: A SURVEY OF AMERICAN LITERATURE I

0.5 Credit / Fall Semester

Grade 11 (REQUIRED FOR ALL JUNIORS WHO ARE NOT ENROLLED in 880 AP Literature)

Prerequisite: 823-English 10

This course is part one of a survey of American literature from colonization through the 17th Century exploring universal themes in literature and historical and cultural context in various literary genres. Course work includes formal and informal compositions, contextual vocabulary enrichment, and reading and analysis of fictional and informational texts. Assignments are designed for students to analyze and cite textual evidence, develop literary analysis skills, and utilize effective writing strategies. Writing will require students to gather relevant information from various sources for both research and analysis purposes.

834 ENGLISH 11: A SURVEY OF AMERICAN LITERATURE II

0.5 Credit / Spring Semester

Grade 11 (REQUIRED FOR ALL JUNIORS WHO ARE NOT ENROLLED in 880 AP Literature)

Prerequisite: 833-English 11

This course is part two of a survey of American literature from the 18th through the 20th Century exploring universal themes in literature and historical and cultural context in various literary genres. Course work includes formal and informal compositions, contextual vocabulary enrichment, and reading and analysis of fictional and informational texts. Assignments are designed for students to analyze and cite textual evidence, develop literary analysis skills, and utilize effective writing strategies. Writing will require students to gather relevant information from various sources for both research and analysis purposes.

835 SPEECH (Weighted Grading Scale)

0.5 Credit / Semester (3 Dual college credits)

Grades 11, 12 (Elective only - not a substitute for required English courses)

Prerequisite: Completion of 823 English 10

This course is #10-801-198 Speech in the MPTC curriculum. **FEE: \$0.00 MPTC waives all course costs for SMSA students.** Offered on campus at SMSA, the course examines various types of verbal and non-verbal communication and explores the fundamentals of effective oral presentation to small and large groups. Topic selection, audience analysis, methods of organization, research, structuring evidence and support, delivery techniques, and other essential elements of speaking successfully, including the listening process, form the basis of this course. Students will be able to research, prepare, evaluate, and deliver effective oral presentations.

**843 ENGLISH 12: A SURVEY OF BRITISH LITERATURE I**

0.5 Credit / Fall Semester Only

Grade 12 (REQUIRED FOR ALL SENIORS WHO ARE NOT ENROLLED in 894 or 880)

Prerequisite: Successful completion of 833 & 834 or 880

This course satisfies the requirement for 1st semester senior English and is an elective for juniors. The course surveys the early history of the English language and literature of Great Britain from the epic through the Early Renaissance. A variety of genres is studied set in the context of England's historical development and culture, paralleling changes in British society and literary works. Students will investigate and report on ways in which a writer has influenced or been influenced by geographic, historical, social, and cultural issues or events, while identifying philosophical assumptions and basic beliefs underlying the selected texts. At the same time students will draw on and integrate information from multiple sources when acquiring knowledge and developing a position on a topic of interest. Students will continue to expand their knowledge and use of vocabulary, English conventions, and note-taking through various essays and research projects

845 ENGLISH 12: A SURVEY OF BRITISH LITERATURE II

0.5 Credit / Spring Semester Only

Grade 12 (REQUIRED FOR ALL SENIORS WHO ARE NOT ENROLLED in 895)

Prerequisite: Successful completion of 843 or 894

This course satisfies the requirement for 2nd semester senior English, and is an elective for juniors. This course continues the study of British Literature, beginning with the Late Renaissance and ending with the Victorian Period. While the coursework continues to analyze the impact of specific word choices on meaning and tone, including words with multiple meanings, and to analyze different points of view and interpretations, students will also organize complex ideas, concepts, and information so that each new element builds on that which precedes it to create a unified whole. Students will continue to expand their knowledge and use of vocabulary, English conventions, and note-taking through various essays and research projects.

**880 AP LITERATURE (Weighted Grading Scale)**

1.0 Credit / Yearlong Course

(College Credit via AP Test success) • Grade 11 (FULFILLS Junior YEAR ENGLISH REQUIREMENT)

Prerequisite: Successful completion of 823 and recommendation/ endorsement of English 10 teacher.

FEE: AP Exam cost of approx. \$90.00 This course satisfies the full year requirement for senior English. The course is recommended for college-bound students most interested in the Liberal Arts or careers in communications and any student who possesses a strong interest in focused reading, discussion, and analysis of quality literature, classic to contemporary. Students will work with several genres of literature, including poetry, drama, and fiction. AP Literature is taught by SMSA faculty and contains a strong writing component in addition to the reading requirements. Students will enroll to take the College Board test at the end of the course (May) and AP practice exercises will be given throughout the course. See Appendix B for more information regarding AP courses.

**894 ENGLISH COMPOSITION 1 (Weighted Grading Scale)**

0.5 Credit / Fall Semester Only

(3 Dual College Credits) • Grade 12 (FULFILLS 0.5 credits of SENIOR YEAR ENGLISH REQUIREMENT)

Prerequisite: Successful completion of 833/834 or 880 with the grade of B or better and recommendation/ endorsement of Junior year English teacher.

This is course #120-801-136 English Composition 1 in the MPTC curriculum. **FEE: \$0.00 MPTC waives tuition costs for SMSA students.** Offered on campus at SMSA, the course is designed for students to develop knowledge and skills in all aspects of the writing process. Planning, organizing, writing, editing and revising are applied through a variety of activities. Students will analyze audience and purpose, use elements of research, and format documents using standard guidelines. Individuals will develop critical reading skills through analysis of various written documents

**895 ENGLISH COMPOSITION 2 (Weighted Grading Scale)**

0.5 Credit / Spring Semester Only

(3 Dual College Credits) • Grade 12 (FULFILLS 0.5 credits of SENIOR YEAR ENGLISH REQUIREMENT)

Prerequisite: Successful completion of 894 and endorsement of English Comp 1 teacher.

This is course #120-801-223 English Composition 2 in the MPTC curriculum.

FEE: \$0.00 MPTC waives tuition costs for SMSA students. Offered on campus at SMSA, the course is a continuation of English Composition I. Students will use advanced research skills to write papers from across the curriculum. Research papers will be informative and persuasive in nature and will be based on topics from academic disciplines (social sciences, literature and the humanities, or science and mathematics). Students will conduct research using primary and secondary library resources and will use MLA or APA style formats to document their sources.

Fine Arts-Graduation Requirement: 1 year of Fine or Technical Arts

The visual and performing arts curricula provide students with a creative outlet for personal expression. Valued as part of holistic education and the Catholic school experience, participation in these courses is accessible to all students.

ART COURSES

380 BASIC DESIGN

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: None

This is a prerequisite for all other subsequent art classes. Students are offered a strong fundamental knowledge of the elements and principles of art through the use of several two- and three-dimensional media. Introductory experiences in drawing, painting, ceramics, sculpture and printmaking. This class is designed to prepare students for all subsequent and advanced art courses.

382 CERAMICS

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 380 Basic Design

Ceramics students receive a background and understanding of materials, procedures, techniques, and ceramic history. Emphasis is on hand-built construction with additional instruction in wheel construction and creative decorative techniques. **NOTE: Alternate year course. Next offered in 2027-28.**

383 DRAWING

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 380 Basic Design

Drawing emphasizes the elements of design and composition through the use of several media. You will learn to use pencil, charcoal, ink, and pastels to name a few. Some of the styles covered will be— gestural, contour, realistic, abstract. Subjects that will be explored are— still life, figure, and fantasy and many more. Students are exposed to a variety of expressive techniques as well as the influence of the great masters.

384 PAINTING

0.5 Credit / Semester Course

Grades 10, 11, 12 • Prerequisite: 380 Basic Design

Painting builds on knowledge of color theory and composition. It is helpful but not required to have drawing experience prior to taking painting. Students explore watercolor and acrylic characteristics, techniques, and materials. These experiences are reinforced with related studies from the masters.

385 GRAPHICS

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 380 Basic Design

Students use their original designs to explore the graphic processes of linoleum block printing and T-Shirt design. Students will use Chromebook for many computer based projects. Creative lettering lay out, monoprints, and package design may be additional units of study.

386 SCULPTURE

0.5 Credit / Semester Course

Grades 9, 10, 11, 12 • Prerequisite: 380 Basic Design Students will discover the connections between sculpture and other art disciplines as they relate specifically to three-dimensional art. Students will gain knowledge in additive, subtractive and assemblage as sources of construction in the art of Sculpture. **NOTE: Alternate year course. After 2026-27, next offered in 2028-29.**

389 ADVANCED PROJECTS IN ART I

0.5 Credit / Semester Course

Grade 11, 12 • Prerequisite: 380 Basic Design; successful completion of 5 or more art courses; application, teacher's approval and availability. **NOTE: Students may not be enrolled in any other Art department course while enrolled in this course.** Any of the art courses offered may be further developed at an advanced level by a senior who meets the prerequisites. The student works contractually on an independent basis.

390 ADVANCED PROJECTS IN ART II

0.5 Credit / Semester Course

Grades 11, 12 • Prerequisite: 380 Basic Design; completion of 5 or more art courses; teacher's approval and availability. **NOTE: Students may not be enrolled in any other Art department course while enrolled in this course.** Any of the art courses offered may be further developed at an advanced level by a junior or senior who meets the prerequisites. The student works contractually on an independent basis.

MUSIC COURSES

350-351 CONCERT BAND

0.5 or 1.0 Credit / Semester or Yearlong Course

Grades 9, 10, 11, 12 • Prerequisite: One year of prior band experience

Band may be taken as a full-year course for (1.0) one credit, or as a semester course for (0.5) half credit.

Concert band is a performance group open to all students who have a desire to play a wind, brass or percussion instrument. Students are exposed to a variety of standard and contemporary concert band literature. Students are required to attend and participate in concert and pep band activities. In addition to band rehearsal times, students will be scheduled for regular in-school lessons. Additional activities could include solo and ensemble participation, school concerts, State Festival Contest, and Honors Band.

360-361 CONCERT CHOIR

0.5 or 1.0 Credit / Semester or Yearlong Course

Grades 9, 10, 11, 12 • Prerequisite: None

Concert Choir may be taken as a full-year course for one credit (1.0), or as a semester course for half credit.(0.5)

Concert Choir is open to all students regardless of vocal ability. This ensemble is designed to encourage all students who have an interest in developing their skills in group singing. Students will rehearse & demonstrate the ability to sing expressively on pitch, in rhythm, & with proper technique. We will use the elements of music to express ideas & opinions about the music we study. Students will have the opportunity to perform at concerts while learning the fundamentals of singing techniques & musicianship. It will help develop the student's knowledge of choral literature, music theory concepts, sight singing, and to enrich their love of music. Repertoire is selected with varying musical content and style.

362 VOCAL JAZZ

0.5 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisite: Consent of instructor and audition

This group meets 2x/week during Zero Hour. Vocal Jazz offers advanced students an opportunity to create music across the various jazz genres & stylings. The ensemble performs at all concerts throughout the year, as well as at community events and activities. Enrollment is by audition only. Auditions are typically held in the days prior to the start of the school year.

363 JAZZ BAND

0.5 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisite: Consent of instructor and audition

This group meets 2x /week during Zero Hour. Jazz Band offers advanced instrumental students an opportunity to perform jazz music. Students will cultivate skills to improvise rhythmic & melodic ideas in different styles of music including: blues, swing, latin, & funk. By building new skills on previously-learned concepts, students will explore the historical aspects of jazz by listening and performing music representative of various decades in the history of jazz. Enrollment is by audition only. Auditions are typically held in the days prior to the start of the school year in August.

371 MUSIC FOR THE NON-MUSIC STUDENT

0.5 Credit / Fall Semester ONLY

Grades 9, 10, 11, 12 • Prerequisite: None

This course runs occasionally and will not be offered in 2026-27.

2.4 MATHEMATICS DEPARTMENT

Mathematics-Graduation Requirement: 3 years of math

The courses offered in mathematics are designed to develop the problem solving skills and abilities of all students. Students in Wisconsin are required to successfully complete 3 years of math for high school graduation. Both Algebra 1 and Geometry are required for graduation. Most college-bound students take four years of mathematics. Incoming freshman students who are interested in advanced math placement for freshman (placement beyond Algebra I) shall be required to take the SMSA Math Placement Test in May of their 8th grade year. Final math course placement is based upon the review of student High School Placement Test scores; student Forward Test performance; student achievement in 7th and 8th grade math courses. Students achieving below grade level performance shall be concurrently enrolled in Algebra 1 and Algebra 1 Concepts. The Math Department offers **three** course options for earning dual college credit. These advanced courses (**designated in red**) use **weighted scale** grading.

511 ALGEBRA LAB

0.5 Credit / First Semester ONLY

Grade 9 • Prerequisite: Administrative assessment of Standardized test math scores and middle school math performance.

This experience provides formalized teacher support for students and is taken concurrently with Algebra 1. Not all Algebra 1 students shall be enrolled. Students will benefit from the "lab" format of the math support and will be

provided with additional instruction, support, and time to develop mastery of algebraic concepts and foundational math skills crucial to success in all higher-level math courses.

513 ALGEBRA I 1.0 Credit / Yearlong

Grade 9 • Prerequisite: Standardized test math scores and 7th and 8th grade math performance.

Algebra 1 gives students a solid foundation of algebraic operations and problem-solving, which is the basis for all higher mathematics. Students will study and practice with: properties of real numbers, mathematical explanations, and communication of mathematical reasoning and solutions. Topics covered include integers, exponents, linear equations and inequalities, growth and decay functions, factoring, real-life applications, and other algebra principles. Some students will also be enrolled in the Algebra 1 Concepts Course which will provide additional instruction, support, and time to practice with key algebraic concepts.

514 HONORS ALGEBRA I 1.0 Credit / Yearlong

Grade 9 • Prerequisite: Placement of 1st year students into this course requires approval of Math Department faculty and high school administration and is based on math scores from the HSPT and SMSA Math Placement Test (May). This course is designed for the student looking at the advanced math curriculum and gives students the foundation of equation solving, which is the basis for all higher math. Students study properties of real numbers; writing, solving and graphing linear equations and inequalities; and solving systems of linear equations and inequalities. Students study positive and negative integer exponents, linear growth, and decay functions. Students are introduced to quadratic functions, polynomials, and factoring. In addition, students will explore ratios and proportions, rational expressions and equations, division and polynomials, radical expressions and equations as well as connecting algebra to geometry. Applications to real life situations and the job market are used throughout the course.

523 GEOMETRY 1.0 Credit / Yearlong

Grade 9, 10 • Prerequisites: Students must receive placement approval from the Math Department if they have not completed 513-Algebra I, or 514-Hon. Algebra I

This course teaches students both inductive and deductive reasoning skills as they explore geometric concepts. The concepts covered include spatial and angle relationships, congruent and similar triangles, polygons, formulas and circles. Students will work with both 2-D and 3-D figures and integrate their knowledge from Algebra. Students write proofs throughout the course.

527 HONORS GEOMETRY 1.0 Credit / Yearlong

Grade 9, 10 • Prerequisites: Students must receive placement approval from the Math Department if they have not completed 513-Algebra I with a grade of A or better and teacher recommendation, 514-Hon. Algebra I with a grade of B or higher. Placement of 1st year students into this course requires approval of the Math Department faculty and High School administration and is based on math scores from the HSPT. This course is designed for the student looking at the advanced math curriculum. Standard approaches of direct and indirect proofs are integrated with transformations, coordinates and the algebra that the student knows. Each mathematical idea is studied in depth through history, examples of recent developments, applications and practical problems with the use of technology.

533 ALGEBRA II 1.0 Credit / Yearlong

Grade 10, 11 • Prerequisites: 513-ALGEBRA I and 523-GEOMETRY or 527-Hon. GEOMETRY

This course prepares the student to use Advanced Algebra skills and concepts. Functions and equations (linear and quadratic), polynomials, factoring, inequalities, linear programming, systems, the quadratic formula and complex numbers are covered in the course. Technology is used where applicable.

535 HONORS ALGEBRA II with TRIG 1.0 Credit / Yearlong

Grade 10, 11 • Prerequisites: 523 GEOMETRY with a grade of A or higher and teacher recommendation, or 527- Hon. GEOMETRY with a grade of B or higher.

This course is designed to prepare the student for pre-calculus math courses. It is an Algebra II-Advanced Math Concepts combination. Functions (linear, quadratic, polynomial, exponential, logarithmic and trigonometric) are the major emphasis of the course. Algebraic topics such as inequalities, real and complex numbers, matrices, sequences and series, and data modeling will be covered as well, using technology where applicable.

537 ADVANCED MATH CONCEPTS 1.0 Credit / Yearlong

Grade 12 • Prerequisites: 533-ALGEBRA II or 535-Hon. ALGEBRA II-Trig

This course is designed for students completing Algebra II to better prepare them for their first college math course. The course will cover all of the topics included in the UW System Placement Test. The ultimate goal of taking the class should be to sharpen math skills as students anticipate college.

544 COLLEGE STATISTICS & PROBABILITY (Weighted Grading Scale) MARIAN UNIVERSITY

1.0 Credit / Yearlong Course (Dual College Credit 4.0 Credits)

Grade 11, 12 • Prerequisites: Grade of A or better in 535-Hon. ALGEBRA II-TRIG; or 537-AMC; Grade of B or better in 547-PRE-CALCULUS; enrollment as a special student at MU; tuition payment

FEE: Requires payment of Marian University tuition of approximately \$99.00 per college credit (\$396.00)

This course is Marian University's **MAT 122-Intro to Probability and Statistics**. This course is offered on campus at SMSA. A study of topics that include descriptive statistics and data analysis; elementary probability; binomial, hypergeometric and normal probability models; the central limit theorem; confidence intervals; elementary hypothesis testing; linear regression; and correlation. A major goal of this course is the application of these topics to problems arising from the natural sciences, the social sciences, the health industry, and the business environment.

548 AP PRE-CALCULUS (Weighted Grading Scale)

1.0 credit/ Yearlong Course

Grade 11, 12 Prerequisites: 535-Honors ALGEBRA II-TRIG or 537 Advanced Math Concepts

FEE: AP Exam cost of approx. \$90.00

AP Precalculus prepares students for college-level mathematics and science courses. Through regular practice, students build deep mastery of modeling and functions, examining scenarios through multiple representations. The course framework delineates content and skills common to college Precalculus courses, foundational for careers in mathematics, physics, biology, health science, social science, and data science **(from College Board)**. There is a full treatment of trigonometric functions using the circular definition as well as an in-depth study of plane and space analytic geometry. Students study the structure of the number system including the complex number field, identify and graph higher degree functions and are introduced to polar coordinates, synthetic division, finite math, mathematical induction, binomial theorem and 3D dimensional graphing.

590 COLLEGE CALCULUS I (Weighted Grading Scale) 1.0 Credit / Yearlong Course MARIAN UNIVERSITY

(Dual College Credit 5.0 Credits) Grade 12 • Prerequisite: Grade of B or better in 547-Pre-Calculus; enrollment as a special student at MU; tuition payment **FEE: Requires payment of Marian University tuition of \$99.00 per college credit (\$495.00)**

This course is Marian University's **MAT 201-Calculus**. This course is offered on campus at SMSA. Calculus I is based on the study of real valued functions of a single variable. The course topics include derivatives, antiderivatives, and definite integrals. Applications of differentiation, i.e. related rates, optimization and curve-sketching, are also covered. See Appendix A for further details about Marian University Dual Credit programs and tuition costs.

2.5 NATURAL SCIENCES DEPARTMENT

Natural Science-Graduation Requirement: 3 years of Science

Science courses are designed to emphasize the scientific processes of observing, inferring, measuring, formulating and testing hypotheses, collecting and analyzing data, and problem-solving. The laboratory experience is an essential part of the curriculum. Three credits of science are required for high school graduation in Wisconsin. All SMSA students must take Physical Science and Biology (a life science). Science electives may be taken to earn the third credit. During and after the completion of Chemistry, all elective courses are open for enrollment to juniors and seniors. The department offers one course option for earning dual college credit, and one AP course. Both of these advanced courses **(designated in red)** use **weighted scale grading**. Three or four years of science are strongly recommended if the student wants to enroll in post-secondary education.

207 PHYSICAL SCIENCE

1.0 Credit / Yearlong Course

Grades 9 (required) • Prerequisites: None

Physical Science is a course designed for those students interested in the study of chemistry and physics. Chemistry topics studied include but are not limited to: atomic structure, the periodic table, writing chemical formulas, chemical equations, and an introduction to acids and bases. Topics in the area of physics include: mechanics, heat, light, sound and an introduction to electricity. Additional topics include standards in Earth Science, Meteorology, Climate and Space Science. This course includes laboratory activities. **Note:** This course is not intended to be a replacement for credit in Chemistry or Physics which are strongly recommended for college-bound students. **Students must have a scientific calculator which we will learn how to use to solve problems.**

223 BIOLOGY

1.0 Credit / Yearlong Course

Grade 10 (required for graduation) Prerequisites: 207-PHYSICAL SCIENCE

Biology is the study of living organisms. In this laboratory course students will use the scientific method to develop investigation skills. A hands-on approach is used to stress biological laboratory techniques, data collection and analysis of data. The study of cellular structures and functions provides the framework of the course. Students will study the

six kingdoms of life, how life changes over time, the role DNA plays in passing on genetic information, and how energy flows through living organisms. A review of basic chemistry and an introduction to organic and biochemistry is included. This course provides a foundation for future advanced study in the biological sciences.

237 CHEMISTRY

1.0 Credit / Yearlong Course

Grades 11-12, Prerequisites: Successful completion of 223-BIOLOGY and 513-ALGEBRA I with a grade of B- or Successful completion of/or concurrent enrollment in GEOMETRY or higher math. Both Biology Teacher and Physical Science Teacher recommendations are required to take 237-CHEMISTRY

Chemistry is the study of matter, its composition, the changes it undergoes, and its relationship with energy. This course assists students in developing critical thinking and problem solving skills that are used in Chemistry, and everyday life. Topics studied include atomic structure and electron configuration, chemical bonding, chemical formulas and reactions, stoichiometry, gasses and solutions and acid-base reactions. This course includes laboratory activities. Students are required to submit laboratory reports and **must have a scientific calculator, and knowledge of how to use it when problem solving.**

241 GENERAL ANATOMY & PHYSIOLOGY

1.0 Credit / Yearlong Course

Grades 11-12 • Prerequisites: Grade of B+ or better in 223- BIOLOGY, and B+ or better in 237-CHEMISTRY (can be taken concurrently with 237- CHEMISTRY Junior or Senior year).

Students taking General Anatomy and Physiology will need to do work outside of class to succeed. The course examines basic concepts of human anatomy and physiology as they relate to health sciences. Using a body systems approach, the course emphasizes the interrelationships between structure and function at the gross and microscopic levels of organization of the entire human body. A variety of laboratory activities are provided including dissection. The course also includes information on medical terminology, diseases of the human body, medical technology and health field careers. This course is highly pertinent for students interested in learning about the human body and occupations in the health field.

247 PHYSICS

1.0 Credit / Yearlong Course

Grades 11-12 • Prerequisites: Successful completion of 533-ALGEBRA II or a higher level math course, or concurrent enrollment in 535-HONORS ALGEBRA II and successful completion of 237-CHEMISTRY. Physics may be taken concurrently with 237 CHEMISTRY.

Physics is the study of the relationships between matter and energy. The Introductory Physics course helps students recognize the nature and scope of physics and its relationship to the other sciences. Students will learn about basic topics such as motion, forces, energy, momentum, torque, waves, sound and optics. Students will be engaged in scientific inquiry, investigations, and labs so that they develop a conceptual understanding and basic scientific skills. Labs and lab reports are vital and required.

251 ENVIRONMENTAL SCIENCE

1.0 Credit / Semester Course

Grades 11, 12 • Prerequisites: 223-BIOLOGY & (207-PHYSICAL SCIENCE OR 237-CHEMISTRY)

This course is designed to investigate the interactions of science and society. Basic environmental science concepts are studied utilizing a variety of resources including laboratory experiences, group discussions and activities, videos,, field trips and guest experts. Topics studied include but are not limited to dynamics of the earth (emphasis on earth structure, air quality, ozone depletion, global warming, acid rain, water quality and basic weather patterns) and dynamics of ecosystems (emphasis on population studies, natural selection, biodiversity, and energy flow). During the Spring semester, students will participate in the Trout in the Classroom long term study.

Note: Environmental Science is an elective science credit and should not be viewed as a replacement for a core college preparatory credit in natural science. Core college preparatory science courses include , Biology, Chemistry, Physics, Anatomy and Physiology, and Advanced Placement Biology

283 AP BIOLOGY (Weighted Grading Scale)

1.0 Credit / Yearlong Course

Grade 11, 12 • Prerequisite: Semester grades of B or higher in 223-BIOLOGY and 237-CHEMISTRY (can be taken concurrently with 237-CHEMISTRY Junior or Senior year) and recommendation/ endorsement of student's Chemistry teacher and/or Biology teacher. **FEE: AP Exam cost, approx. \$90.00.** This course is offered on campus at SMSA. AP Biology is an introductory college-level biology course. It is a very rigorous course at the high school level. This course is challenging and content heavy. Students are expected to prepare and do assigned work outside of class time to maximize classroom learning and success per AP standards. Students cultivate their understanding of biology through inquiry-based investigations as they explore topics like evolution, energetics, information storage and transfer, and system interactions. Students are prepared to take the AP Exam in Biology offered in May each year. Successful results with the AP Exam will enable students to apply for college credit at colleges and universities that accept AP results. Practice tests with sample problems will be introduced during the course as part of a student's AP Exam preparation.

290 COLLEGE PHYSICS (Weighted Grading Scale) 1.0 Credit / Yearlong Course **MARIAN UNIVERSITY**
 Grade 12 • Prerequisites: Successful completion of 547-PRE-CALCULUS or concurrent enrollment in 547-PRE-CALCULUS. See "Cooperative Dual Credit Program with Marian University" in Appendix A for complete eligibility requirements. **FEE: Requires payment of Marian University tuition of \$99 per college credit (\$495)**
 This course is offered on campus at SMSA and is designed for the student capable of and motivated to complete a college-level physics course during their senior year in high school. Course work is completed as required in Marian University course **PHS 211-Elementary Physics**, not an Engineering Physics course. It is a lecture lab course which stresses the fundamental principles of kinematics, dynamics, statics, oscillation, electromagnetism and optic.

2.6 PHYSICAL EDUCATION DEPARTMENT

Physical Education-Graduation Requirement: 1 year of Physical Education, 1 Semester of Health

PE and Health are important components of an educational program focused on the holistic development of the individual. Physical education classes assist the student in formulating a lifelong plan for physical activity, allowing for the individual's unique desire, ability and motivation. Social interaction is addressed by practicing collaborative skills. In order to provide a lifelong model for physical fitness, the program reflects the ability of the individual to determine his/her needs, goals, and methods that best meet those goals. The Health Education curriculum complements physical education courses as the student is assisted in addressing the concept of total wellness. Students must earn 1.5 credits from these courses to graduate. PE 100 (0.5 credits) and Health Education 100 (0.5.credits) are REQUIRED courses.

***PE Waiver NOTE:** Students who successfully complete three varsity seasons of SMSA athletic participation within the same school year may be eligible to waive 0.5 PE Credit. As such, PE Waivers cannot be obtained by 9th grade. To apply, students must have already completed three seasons of varsity athletics prior to requesting an academic waiver. Students interested in this option are encouraged to plan with support from the Counseling Office . Waivers may only be obtained through the Counseling Officer and may only be granted officially by the principal. Students earn a grade of 'P.'

011 PHYSICAL EDUCATION 100 0.5 Credit / Semester Course

Grade 9, 10 (Required) • Prerequisites: None

This general PE course is required for all SMSA students, and must be completed by the end of Sophomore year. It introduces new activities and refines student skills consistent with State standards. The primary objectives of this course includes the development of personal health habits and emphasizing the importance of lifelong fitness. Team activities and individual sports are used to teach cooperation, sportsmanship and basic skills. Personal fitness is taught through work in the fitness center, which includes ways to measure and improve aspects of individual fitness.

030 ADVANCED FITNESS AND TEAM SPORTS 0.5 Credit / Semester Course

Grade 11, 12 • Prerequisite: 011 PE 100

This course fulfills the PE graduation requirement and will be for students who are driven and would like to participate in an environment that challenges them in individual fitness as well as their cooperation with others. Part of the time spent in class will work on refining skills such as cooperation, leadership, communication, and sportsmanship using team activities and sports. The other part of this class will put an extended emphasis on individual fitness and will dive in depth on advanced concepts related to training, and performance measurement.

040 RECREATION SPORTS AND NET GAMES 0.5 Credit / Semester Course

Grade 11, 12 • Prerequisite 011 PE 100

This course will give students an opportunity to experience activities related to individual fitness that can be done throughout life. The main objective of this course will be to give the students a sense of wellness and fitness through recreational activities that can be done well into adulthood. Some examples of activities we can do are: badminton, pickle ball, bowling, table tennis, frisbee golf, etc. In addition to activities in class, students will gain knowledge of individual health and lifelong wellness and emphasizing positive health habits and an overall healthy lifestyle.

050 HEALTH EDUCATION 100 0.5 Credit / Semester Course

Grade 9, 10 (Required) • Prerequisites: None

This course fulfills the State requirement and standards for Health education, and may be completed during either freshman or sophomore year The course addresses total health and wellness issues of the individual, including: physical, emotional, intellectual, spiritual and social growth, development and well-being. Students gain an understanding of how individuals can prevent most health problems through positive healthy behaviors. They learn how to evaluate resources and effectively use the information to make positive decisions in their lives.

Social Studies-Graduation Requirement: 3 years

Social studies courses place emphasis on history, geography, government and the nature of our society and the individual. Students are given a sense of their role and responsibility as citizens of our nation in an ever-changing and complex world. The curriculum provides students with a framework of knowledge relating to the events that shaped humankind as well as the development of political, economic and social institutions. Students are required to complete three credits of Social Studies for graduation. All students are required to pass a Civics exam to meet the State of Wisconsin graduation requirements. The department offers **one AP course (designated in red)** that uses a **weighted** grading scale.

910 MODERN WORLD HISTORY

1.0 Credit / Yearlong Course

Grade 9 (Required) • Prerequisites: None

The primary emphasis of this course is the study of Western civilization and historical figures that have influenced the world. Emphasis is placed on the social and political changes, movements, events and related geographical relationships that have influenced western culture. The following underlying themes will be a focus of the course: Art & Literature; Continuity & Change; Diversity; Economics & Technology; Geography; Global Interaction; Impact of the Individual; Political & Social Systems; and Religion & Value Systems.

915 HONORS MODERN WORLD HISTORY

1.0 Credit / Yearlong Course

Grade 9 (May be taken in place of 910) • Prerequisites: Review of HSPT English section scores, 8th grade teacher recommendation and approval of the Social Studies Department

The primary emphasis of this course is the study of Western civilization and historical figures that have influenced the world. Emphasis is placed on the social and political changes, movements, events and related geographical relationships that have influenced western culture. The following underlying themes will be a focus of the course: Art & Literature; Continuity & Change; Diversity; Economics & Technology; Geography; Global Interaction; Impact of the Individual; Political & Social Systems; and Religion & Value Systems. Students will be expected to provide deeper historical critical analysis and to engage in research papers not required in the 910 coursework. Preferred prep for AP US History course.

925 UNITED STATES HISTORY

1.0 Credit / Yearlong Course

Grade 10 (Required) • Prerequisites: 910 - Modern World History or 915 - Hon. Modern World History

This course covers U.S. history chronologically from colonial times through the events of September 11, 2001. The course provides for a survey analysis of key events, peoples and issues in U.S. History. Special emphasis is placed on basic ideas and skills such as cause and effect relationships, multiple causation of events, geography (map skills), as it applies to the "changing face of America" from the 18th century to the 21st century, and a development of time and perspective.

941 AMERICAN GOVERNMENT

0.5 Credit / Semester Course

Grade 11 (Required) • Prerequisites: Successful completion of 910 or 915 World History and 925 US History (or concurrent enrollment with 925 US History)

This course overviews the structure, function, and evolution of the United States government through examination of historical constructs, key documents, and evolving legal systems. Wisconsin Standards including the analysis of constitutionalism, individual freedoms and rights, the evaluation of historically significant people and their contributions, and the creation of arguments through research and interpretation of claims are presented alongside others. This course is required for Juniors and also helps students prepare for and take the required Wisconsin Civics Exam.

951 INTRODUCTION TO SOCIOLOGY

0.5 Credit / Semester Course

Grades 11, 12 (Elective) • Prerequisites: None

This course focuses on a study of American society and social behavior. It offers useful insights for the student to understand self and the society in which he/she lives. As members of a society, the student already has a great deal of sociological experience. A study of the structure of society and the institutions and issues in American Society provides the student with new ways to look at these experiences. **NOTE: Alternate Year Course. Next offered in 2027-28.**

953 INTRODUCTION TO PSYCHOLOGY

0.5 Credit / Semester Course

Grades 11, 12 • Prerequisites: None

Psychology is the study of human behavior. The course will introduce the discipline of psychology and its various theories and theorists. How psychology applies to the student's lives, now and in the future, is a primary emphasis. In addition, the course will focus on development, perception, learning, emotions and motivation, mental health and individual and group behavior. **NOTE: Alternate Year Course: After 2026-27, next offered in 2028-29**

955 HISTORICAL ROOTS OF CONTEMPORARY ISSUES I

0.5 Credit / Fall Semester Only

Grades 11-12 • Prerequisites: 925-U.S. HISTORY and teacher recommendation

This course examines the historical dimensions and demonstrates the importance of historical thinking for the understanding of contemporary problems and crises. The students will examine the influence of factors, forces, functions and people on issues of global concern. Along with the historical influence there will be comprehensive study of geographic and economic factors. The objective is to learn concepts and theories; acquire a sense of global perspective with an emphasis on geography skills, as well as a comparative-analysis and practical application relevant to an understanding of global issues. The regions of study in this course include: Africa, the Middle East, and Asia. This course may be taken in combination with 957-HISTORICAL ROOTS II or separately as a one semester course.

957 HISTORICAL ROOTS OF CONTEMPORARY ISSUES II

0.5 Credit / Spring Semester Only

Grades 11-12 • Prerequisites: 925-U.S. History and teacher recommendation

This course examines the historical dimensions and demonstrates the importance of historical thinking for the understanding of contemporary problems and crises. The students will examine the influence of factors, forces, functions and people on issues of global concern. Along with the historical influence there will be comprehensive study of geographic and economic factors. The objective is to learn concepts and theories; acquire a sense of global perspective with an emphasis on geography skills, as well as a comparative-analysis and practical application relevant to an understanding of global issues. The regions of study include: Europe, South America, North America. This course may be taken in combination with 955-HISTORICAL ROOTS I or separately as a one semester course.

961 AP US HISTORY (Weighted Grading Scale)

1.0 Credit / Yearlong Course

Grade 10, 11, 12 • Prerequisite: Grade of B or higher in 910 Modern World History or 915 Honors Modern World History; B or higher in 813 English 9; also requires placement recommendation/endorsement of previous Social Studies teacher **FEE: AP Exam cost of approx. \$90.00 (due in November)**

This course focuses on a study of American society and social behavior. It offers useful insights for the student to understand self and the society in which he/she lives. As members of a society, the student already has a great deal of sociological experience. A study of the structure of society and the institutions and issues in American Society provides the student with new ways to look at these experiences. As a greater understanding of social behavior is developed, the student can apply the knowledge to enrich his/her personal life. This course helps the student develop a more realistic and responsible attitude toward the society and world in which he/she lives. Students will prepare to take the AP Exam in May.

2.8 THEOLOGY DEPARTMENT

Theology Graduation Requirement: 4 years

Archdiocesan Policy 6141: "Secondary School Curriculum Guidelines for each secondary school are locally developed, maintained, and revised in light of the school's accreditation standards. All high schools in the Archdiocese of Milwaukee shall implement the High School Theology Curriculum (2005) and offer/require eight semesters of theology for all students. These courses will be given the weight of and offered with similar frequency to other core academic subjects. If theology electives are offered, they must be an extension of core."

All SMSA theology courses are compliant with the Archdiocesan High School Theology Curriculum, the USCCB's Doctrinal Elements of a Curriculum Framework, and the National Standards and Benchmarks for Catholic Elementary and Secondary Schools. Four (4.0) credits of theology are required for graduation and all SMSA students must enroll in theology coursework each semester. As an important element of SMSA's mission, identity and vision of holistic education, the theology curriculum directly addresses the spiritual dimension of being human through the perspective of the Judeo Christian tradition. Courses cover a wide range of theological teachings and issues. While Catholic catechesis is integrated into all courses, SMSA theology courses also aim to help students engage with religious dialogue and develop a personal religious identity and spiritual habits.

***SMSA SERVICE LEARNING:** A key component of every theology course at SMSA is a thematic unit that is dedicated to service learning. In this way, students experience a variety of contextually and developmentally appropriate service and community outreach opportunities during their time at SMSA. These experiences build upon one another, are integrated into the Theology curriculum and are assessed as part of the student's academic experience. True service learning provides formalized opportunities for students to reflect upon their service engagement.

115 CATHOLICISM

0.5 Credit / Fall Semester

Grade 9 (Required) • Prerequisites: None

The purpose of this course is to give students a baseline understanding of Catholic Christian theology. The course is based on the Creed, the first part of the Catholic Catechism of the Church. The students will understand the major doctrines of the faith. Included will be a brief overview of salvation history. The student will have knowledge of the events of Jesus' life, passion, death, and resurrection as an essential understanding of the Catholic faith.. The students will have knowledge of the institution of the Church. They will be introduced to what it means to be a disciple of Christ in relation to what we believe. Ultimately the goal of the Christian life is what God has planned for us to share eternal happiness with Him as saints in Heaven.

117 SACRAMENTS

0.5 Credit / Spring Semester

Grade 9 (Required) • Prerequisites: None

Students will examine each of the seven Sacraments in detail: the outward signs, the graces given, the minister of each Sacrament, and how they may encounter Christ. They will have an enduring understanding of the call to holiness through the sacraments. The student will come to appreciate the Sacraments as efficacious signs and the ultimate sources of God's sanctifying grace. The Sacraments course will include real life examples of the life of grace and the opportunity for experiential learning. Students will also have a chance to go in depth in their life of prayer, especially approaching Lent. The students will understand the life of grace given in the Sacraments and how this informs their moral decision making.

127 OLD TESTAMENT: THE REVELATION OF JESUS CHRIST IN SCRIPTURE

0.5 Credit / Fall Semester

Grade 10 (Required) • Prerequisites: None

The purpose of this course is to give students a general knowledge and appreciation of God's revelation through Sacred Scriptures. Through their study of the Bible they will come to encounter the living Word of God, Jesus Christ. In the course they will learn about the Bible, authored by God through Inspiration, and its value to people throughout the world. If they have not been taught this earlier, they will learn how to read the Bible and will become familiar with the major themes and sections of the Bible including the books included within each section. The students will pay particular attention to the religious leaders of the Old Testament who will serve as models of faith for the students. This course will take the students through the Old Testament by means of studying Salvation History and the Covenants made with God's People.

129 NEW TESTAMENT: WHO IS JESUS CHRIST?

0.5 Credit / Spring Semester

Grade 10 (Required) • Prerequisites: None

The purpose of this course is to introduce students to the mystery of Jesus Christ, the living Word of God, and the Second Person of the Blessed Trinity. In this course students will understand that Jesus Christ is the ultimate Revelation to us from God. In learning about who He is, the students will also learn who He calls them to be. Students will understand how Christ fulfills the promises and prophecies of the Messiah, beginning with the prophets. Students will have knowledge of the life of Christ, the Paschal Mystery, and the beginning of the Church. Students will have an awareness of the Catholic letters and Pauline letters as instruction for the Church. Students will gain an understanding of literary forms found in the New Testament and the historical and cultural setting. Students will understand the Church's contextual approach to interpreting scripture, and the significance of the connection between Sacred Liturgy and the culmination in the book of Revelation.

137 CHURCH HISTORY

0.5 Credit / Fall Semester

Grade 11 (Required) • Prerequisites: None

The purpose of this course is to help students discover and understand the growth of the Catholic Church from the Apostolic age to the modern world. The course will involve exploring the development of the church and Catholic doctrine throughout history. In depth look at various historical ages: Apostolic age, Early Church and persecutions, fall of Rome, Middle Ages and Crusades, Renaissance and the European expansion periods. The influence of heresies in the development of Doctrine and the place of the church in the world from Crusades to church in the U.S will be examined.

139 MORALITY

0.5 Credit / Spring Semester

Grade 11 (Required) • Prerequisites: None

The purpose of this course is to help students to discover and understand the vision and purpose of morality in the Christian life. Students will learn the Ten Commandments, along with other Catholic moral instructions, and apply them as a guide to moral decision making. Examining moral dilemmas that each person faces every day, as well as complex moral questions that are part of the public debate, students will come to know and appreciate the Church's teaching on living a life as a moral Christian disciple.

143 CATHOLIC SOCIAL TEACHING

0.5 Credit / Fall Semester

Grades 12 (Required) • Prerequisites: None

Each Christian has the responsibility to bring about justice and peace where it is lacking in the world around us. This course examines the basis, in Scripture, specifically in the Prophets, Matthew 25, the Sermon on the Mount and the Beatitudes, and in the secular world, for a just society and the Church's response. The class focuses on the seven themes of Catholic Social Teaching through examining the issues threatening human dignity, such as discrimination, poverty, criminal justice, war and exploitation. Students explore opportunities to help promote a more just world, by implementing the "See, Judge, Act" process of social responsibility, while learning more about themselves. Students' work in this course will culminate in a capstone project, called the *Beatitudes in Action* project.

147 WORLD RELIGIONS AND THE CHRISTIAN VOCATION

0.5 Credit / Spring Semester

Grade 12 (Required) • Prerequisites: None

Students will examine and compare the basic tenets of religious traditions - Christian and non-Christian. Units will look at the foundation, development and brief history of major world religions such as Islam, Hinduism, Buddhism, Sikhism, Judaism and Protestant Christianity. Students will learn major tenets, holy books and differing beliefs of the afterlife. Students will build religious literacy, vocabulary and understanding as they prepare for adult life and increased diversity of experiences with those of various religious traditions. Religious concepts of transcendence, prayer, social justice, human dignity, religious tolerance and inter-religious dialogue will be examined. Students will spend time reflecting on the role of faith in their own lives as they discern their own personal vocations.

2.9 WORLD LANGUAGES DEPARTMENT

Graduation Requirement: 1 credit

The course offerings in the World Language Department are designed for students who have an interest in speaking, reading, writing and understanding another language. Students learn about other cultures and points of view and may have an opportunity to experience immersion learning by traveling abroad. Language opportunities are offered in German and Spanish. Freshman year placement in any world language requires a minimum of "C" average in eighth grade English or eighth grade English teacher's recommendation. Placement beyond level one requires a separate world language placement test. Transfer students must pass a placement test before being enrolled at any language level.

GERMAN COURSES

417 GERMAN I

1.0 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisites: Final grade of C or better in previous English course

Level one students will gain a basic knowledge of the German language through the Wisconsin State Standards for World Languages: interpretive, interpersonal, presentational and intercultural communication. A heavy emphasis on grammatical structures, vocabulary attainment, syntax, and consistent study habits for retaining learning provides students with a foundation for not only proceeding to upper levels, but also for understanding and using the language in a meaningful and effective manner. Students will increase global competency through comparisons of culture.

427 GERMAN II

1.0 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisites: Successful completion of 417 German I, with a minimum C- grade in both previous semesters, and/or consent of previous German teacher

Level two continues to develop German language skills in the Wisconsin State Standards for World Languages interpretive, interpersonal, presentational and intercultural communication. Students' knowledge of the culture and history of German-speaking countries, past and present, is expanded through global competency and community engagement. More in-class use of German is utilized to improve vocabulary and pronunciations.

437 GERMAN III

1.0 Credit / Yearlong Course

Grades 10, 11, 12 • Prerequisites: Successful completion of 427 GERMAN II with a minimum B- grade in both previous semesters, and/or consent of previous German teacher. Level three concentrates on reinforcing skills learned in prior levels as well as continuing to develop advanced reading skills. This class also focuses on expanding student vocabulary, grammar, and listening, writing & conversational skills. The Wisconsin Standards for World Languages (Interpretive, Interpersonal, Presentational & Intercultural Communication, plus Global Competence & Community Engagement) will continue to be promoted.

447 GERMAN IV

1.0 Credit / Yearlong Course

Grades 11, 12 • Prerequisites: Successful completion of 437 GERMAN III with a minimum B+ grade in both previous semesters, and/or consent of previous German teacher. Level four incorporates advanced knowledge of German structures. Units on culture and history are also explored. Students will improve overall language competency and their ability to converse in German. The Wisconsin Standards for World Languages (Interpretive, Interpersonal, Presentational & Intercultural Communication, plus Global Competence & Community Engagement) will continue to be promoted.

457 GERMAN FILM STUDIES

0.5 Credit / Semester Course

Grade 12 • Prerequisites: Successful completion of German 4 with a minimum B+ grade in both previous semesters, and consent of previous German teacher. Students who have previously completed German 3 and wish to be in German Film Studies as their next level must take German 4 concurrent with 457 German Film Studies. The basis of this course comes from German film-making and visual arts from the 1920s to today. Students will view various visual media in the target language, learning to analyze them critically while continuing to develop the four basic Wisconsin State Standards of Interpretive, Interpersonal, Presentational & Intercultural communication. This takes place alongside the study of Global Competence & Community Engagement through cultural and historical context of the content and the creation of these visual media, and analysis of the impact of these films on individuals and the wider world.

SPANISH COURSES

411 SPANISH I

1.0 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisites: Final grade of C or better in previous English course

Level one students will gain a basic knowledge of the Spanish language through the Wisconsin State Standards for World Languages interpretive, interpersonal, presentational and intercultural communication. A heavy emphasis on grammatical structures, vocabulary attainment, syntax, and consistent study habits for retaining learning provides students with a foundation for not only proceeding to upper levels, but also for understanding and using the language in a meaningful and effective manner. Students will also increase global competency through comparisons of culture and daily life.

421 SPANISH II

1.0 Credit / Yearlong Course

Grades 9, 10, 11, 12 • Prerequisites: Successful completion of 411 SPANISH I with a minimum C- grade in both previous semesters, and/or consent of previous Spanish teacher. Level two continues to develop Spanish language skills in the Wisconsin State Standards for World Language Interpretive, interpersonal, presentational and intercultural communication. Students' knowledge of the culture and history of Spanish-speaking countries, past and present, is expanded through global competency and community engagement. More in-class use of Spanish is utilized to improve vocabulary and pronunciations.

431 SPANISH III

1.0 Credit / Yearlong Course

Grades 10, 11, 12 • Prerequisites: Successful completion of 421 SPANISH II with a minimum B- grade in both previous semesters, and/or consent of previous Spanish teacher. Level three concentrates on reinforcing skills learned in prior levels as well as continuing to develop advanced reading skills. This class also focuses on expanding student vocabulary, grammar, and listening, writing and conversational skills. The Wisconsin Standards for World Languages (Interpretive, Interpersonal, Presentational & Intercultural Communication, plus Global Competence & Community Engagement) will continue to be promoted.

441 SPANISH IV

1.0 Credit / Yearlong Course

Grades 11 -12 • Prerequisites: Successful completion of 431-SPANISH III with a minimum B+ grade in both previous semesters, and/or consent of previous Spanish teacher. Level four incorporates advanced knowledge of Spanish structures. Units on culture and history are also explored. Students will improve overall language competency and their ability to converse in Spanish. The Wisconsin Standards for World Languages (Interpretive, Interpersonal, Presentational & Intercultural Communication, plus Global Competence & Community Engagement) will continue to be promoted.

JTERM 2026

ST. MARY'S SPRINGS
— Academy —

J-Term at St. Mary's Springs Academy shall spark student interest in learning through a variety of non-traditional courses. Enhancing SMSA's regular curriculum through innovative styles of teaching and enrichment, J-term courses will provide opportunities for project-based learning, interdisciplinary explorations, community connections, and service-learning, along with time to focus on social-emotional development and college and career planning. J-Term will highlight our school's distinctive vision of student growth that is aligned with discernment of personal interests and gifts.

Just like Semester I & II, January Term or "J-Term" is a required academic term. The calculated educational engagement and learning time designated to J-Term is essential for SMSA to meet State DPI and Archdiocesan requirements for student contact.

Alternative ONLINE courses delivered through **Educere** are provided **only as necessary and approved by administration** for any student unable to participate in the traditional J-Term courses. The cost of these ONLINE courses will be billed to the student/family. Students will have until the end of Quarter 3 to complete these 0.5 Educere offerings.

Due to the condensed nature of the term, more than 3 absences will require withdrawal from the in person course and enrollment in an alternative Educere course for credit recovery at the expense of the family (\$300).

All SMSA academic, attendance and co-curricular policies

apply during J-Term. The Ledger Way Core Values are SMSA cultural guide posts during all academic terms. During J-Term, instead of registering for six or seven courses like Semester I & II, Ledgers register for one singular course that will meet daily for four hours each morning. Given the significant instructional minutes of J-Term courses, students may earn the same academic credit value as a one semester course (0.5 credit).

During afternoon sessions of J-Term, some students will be organized to engage with required college and career readiness programs, and /or social emotional learning or school safety training opportunities. SMSA Campus Ministry, Counseling Office and Pupil Services teams shall support the integration of these value-added formation services for Ledgers during J-Term. Attendance is mandatory during J-Term until 3:15pm.

In addition to the many positive impacts on learning, J-Term at SMSA shall affect how the annual school calendar is organized in the high school. Adding January Term enables balanced instructional days in Semester I & II, with the added benefit of concluding Semester I before Christmas vacation each year.

During Semester I each year a J-Term course curriculum guide shall be finalized. Students will register for J-Term classes in October of each year. Students will identify a 1st, 2nd, 3rd and 4th option of courses when they register for J-Term. Course placement will be final.

J TERM

Fast Facts

Enrollment in J-Term courses is a graduation requirement beginning in 2023-24.

All Ledgers shall be required to register for a single January Term course each school year in which they are enrolled at SMSA.

Each J-Term course will earn 0.5 academic credits, which fulfill the J-Term elective curriculum expectations at SMSA, and may not substitute for other graduation requirements at SMSA.

Some courses will reflect a collaboration with Moraine Park Technical College at no additional cost in some cases. MPTC credit may also be earned. Scholarships may be available to students enrolled in MPTC courses that require added course tuition or fees.

During J-Term, students in grades 9-11 will attend school for full days (through 3:15pm).

Traditional letter grades will be used to assess student learning during J-Term.

J-Term courses shall be designed with student interests and teacher passions at the forefront.

J-TERM DAILY SCHEDULE

7:15 AM - 8:00 AM
8:05 AM - 12:50 PM
12:55 PM - 1:35 PM
1:40 PM - 3:15 PM

ZERO HOUR Rotation of Jazz Ensembles ONLY
J-Term Classes Meet
LUNCH
Rotation of Student Life Workshops, ACT Prep, Special Programs, and AP courses

The Daily Schedule for classes meeting off-campus (MPTC & Marian University): Courses that meet off-campus will follow a calendar that is unique from the courses meeting on-campus at SMSA. More specific details regarding the daily schedule for each course that meets off-campus (not at SMSA) will be shared with students after class rosters have been finalized in November.

COURSE OFFERINGS

J
TERM
2026

MPTC COURSES

The following eight (8) course options will convene on the campus of Moraine Park Technical College and are taught by MPTC instructors. Students receive academic credit from both MPTC and SMSA for successful completion of these courses. To enroll in any of the MPTC options listed here, students must be 16 years of age by January 2026. *MPTC based courses will follow an independent calendar and daily schedule that will be shared after class rosters are finalized. Students are responsible for their own daily transportation to and from the MPTC campus. Finally, Dr. Biessman will serve as the site supervisor and SMSA teacher of record for Skyward daily attendance and grade entry for these courses. He will be on-site at MPTC each day as a resource for Ledgers attending these courses.

MORAINES PARK
TECHNICAL COLLEGE

MPTC Course	Course Description
(Courses meet on the MPTC Campus)	
Gas Metal Arc Welding 1 (3 MPTC Credits)	Learn the essentials of welding safety and equipment setup along with maintenance tips. Get familiar with welding terminology and demonstrate safe shop practices. Students will also learn to set-up and shut-down GMAW equipment and weld mild sheet metal steel in flat, horizontal, and vertical down positions.
NEW Gas Metal Arc Welding 2 (3 MPTC Credits)	Explore out-of-position fillet and groove welding in horizontal, vertical up and overhead positions. Learn and demonstrate the setup and performance of out-of-position welding on various material thicknesses. Welding safety and good housekeeping techniques will also be taught.
NEW Engine Repair 1 (2 MPTC Credits)	This course equips students with the skills to identify and understand internal combustion engine components, their operation, testing procedures, and the intricacies of engine cooling and lubrication systems.
Culinary Principles (3 MPTC Credits)	Dive into the world of culinary arts with this exciting course. Learn essential cooking techniques, from basic food preparation and sanitary practices to mastering cutlery skills and perfecting recipe calculations. Students will be able to perform a cooking demonstration, explain cooking methods, and examine culinary history and professionalism. Food sourcing and sustainability will also be examined. Students will need to supply non flammable long pants, and their Chromebook. Chef knife set and other chef wear is provided.
Nail Care 502-309 (1 MPTC Credit)	The Nail Care course teaches students how to give basic manicures, pedicures, and polish applications, preparing you for work on the clinic floor. Through hands-on activities, you will develop professional skills and technique accuracy, as well as learn about nail structure, disorders, and diseases. Practicing skills on classmates is a key part of this course and a great way to gain practical experience in nail care.
NEW Artificial Nails (1 MPTC Credit)	In Artificial Nails, students will develop skill in procedure and application of nail extensions, acrylic overlay and sculptured nails including fiberglass application and gel application. Students are introduced to nail art using nail art brushes, trend techniques, and procedures for French manicuring. It is a requirement of this course that students work with assigned partners to complete learning plans. Students will practice skills on one another in this course.
NEW Early Childhood Education: Health Safety & Nutrition (3 MPTC Credits)	Discover the vital aspects of health, safety and nutrition within early childhood education settings. Completing this course can open the doors for various rewarding careers in early childhood education and earn students three certificates: Mandated Reporter; Abusive Head Trauma; and Sudden Infant Death Syndrome Prevention.

What we learn becomes part of who we are. • smsacademy.org

NEW

Understanding Substance Abuse

(3 MPTC Credits)

If you are interested in psychology, this class is perfect for you! You'll explore the biological, psychological, and social factors of substance abuse, learn about different treatment approaches, and understand the impact of substance use disorders on individuals and society. It is a great way to deepen your knowledge and make a positive impact.

NEW

Social Media Management

(3 MPTC Credits)

This course explores social media's impact on advertising and its shift to one-on-one communication. The course will highlight how social media has transformed business-audience engagement, requiring quick responses and real time interactions.

SMSA COURSE OPTIONS

The following ten (10) course options, shall convene on the campus of SMSA and be taught by SMSA instructors. These courses will meet each weekday from January 5-23 from 8:05 am - 3:15 pm.

(Courses meet on SMS Campus)

SMSA Course	Instructor(s)
Food Science A-Z <i>Students will dive into the satisfying world of Food Science. Through a combination of laboratory experiments, real-world applications and visits to community food partners, students will develop a deep understanding of how food makes life not only possible, but interesting.</i>	Mr. Allen & Mr. Zimmer
Break A Leg: Presenting & Performing Without the Pressure of Perfection <i>This is a course intended to allow students who are interested in the theatrical arts an opportunity to become more comfortable with presenting and performing dramatic and creative pieces in a relaxed environment. Students will learn how to create, execute, and critique various types of speech and stage arts, both individually and collaboratively. Not only will students perform existing works, but they will also create and compile their own pieces. Students will have the opportunity to view and reflect upon both amateur and professional performances.</i>	Mrs. Besson & Mrs. Herbst
Introduction to Taekwon-Do <i>Students will be introduced to the basic techniques, philosophy, and culture of Taekwon-Do. Taekwon-Do is a Korean martial art. It incorporates kicking, blocking, punching, and striking techniques. The class also incorporates physical, mental, and spiritual elements of training, including the Tenets of Taekwon-Do: Courtesy, Integrity, Perseverance, Self-Control, and Indomitable Spirit. Students will be introduced to basics of the Korean language and culture as learned within a typical Taekwon-Do class. This includes proper protocol and etiquette for respect during training, counting in Korean, etc. Finally, your instructor, Señor Mattias, AKA Master Mattias, a 7th Degree Black Belt, will demonstrate his skills developed over 30 years of Taekwon-Do training experience.</i>	Mr. Mattias & Mr. Mueller
Life Skills <i>So what is a life skill? A skill that is necessary for full participation in everyday life. Can you earn all of your merit badges for life skills? Come find out. Students will learn how to fix what is broken instead of replacing it, a homeowner essential skill. In addition, students will dive into basic first aid, social etiquette, and how to follow a basic recipe, just to name a few. Life is full of challenges, whether it's starting college, moving to a new community, or planning a budget, we are here to help.</i>	Mrs. Brusky & Ms. Pannier

SMSA Course	Instructor(s)
Crime Scene Chronicles: The Science Behind the Scene Explore the fascinating intersection of science and law in Forensic Science. From fingerprint analysis to DNA profiling, delve into the methods used to solve crimes. Learn about hair analysis, toxicology, and crime scene investigation techniques. Discover how forensic scientists piece together evidence to uncover the truth behind mysteries. Engage in hands-on experiments and simulations to understand real-world applications. Develop critical thinking skills as you analyze evidence and draw conclusions. Gain insights into the criminal justice system and the role of forensic science in it. This course combines biology, chemistry, and physics with investigative skills, preparing you for potential careers in law enforcement or forensic science.	Ms. Sweeney
Picture This: Creative Photography Get exposure to the art of photography. This course will use digital photography to help students learn and apply the principles of design. Experiment with a variety of environmental lighting and camera settings, including ISO, aperture, and shutter speed. Actively photograph stills, action, and landscapes. Capture human expression while shooting portraits and candids. Research the talents of famous photographers. Meet with professional photographers. Discover your creativity through the camera lens.	Ms. Haugen
Cooking with Confidence Students will develop basic culinary skills, while learning concepts such as menu planning, food prep, and food/kitchen safety. Students will learn to cook confidently with and for others, gain a better understanding of cooking methods, kitchen tools and ingredients used. This course includes several opportunities for hands-on cooking in a professional kitchen.	Mrs. Anderson & Mrs. Arndt
Have Mercy, Will Serve  Meets daily on school days from 8:05 am - 12:45 pm from January 5-23, with some days extending the entire school day. Students will learn the Corporal and Spiritual works of Mercy by actively performing them. The course will offer both classroom learning and hands-on service experiences at various local non-profit community service organizations. This year's service will include an immersion experience in Milwaukee with an overnight stay with a Catholic partnership. Local service locations shall include Loaves and Fishes, St. Vincent de Paul Society, Father Carr's Place 2B in Oshkosh, Holy Family Church, Feeding America in Appleton, a local nursing home and more.	Mr. Braun Mrs. Adsit
Winter Sports Odyssey Our goal in this course is to provide students with the knowledge, skills, and appreciation for a variety of winter sports and activities. These activities will include: skating, snowshoeing, cross country skiing, downhill skiing, winter survival, dog sledding, & several Olympic sports. In addition, students will get a taste for outdoor adventure through problem solving and communication activities, as well as high or low element challenges such as rock climbing and orienteering. There is infinitely more to winter than cozy sweaters and fireplaces - join us as we explore ways to stay active and involved with Mother Nature during the traditionally "restful" seasons in Wisconsin.	Mr. Knepfel & Mrs. Schermacher
Take Me Out to the Ballgame? Renowned baseball philosopher Yogi Berra once said, "It's fun." The same could be said of "Take Me Out to the Ballgame", our J-term course, which explores the rich history of baseball, the greatest game ever invented. Over 13 days, we'll look at legendary players and unforgettable moments, as we explore the cultural impact that has made baseball a part of our national identity. Who's on first? What's the infield fly rule? Why is there no joy in Mudville? You'll learn the answers to these questions and countless others through historical deep-dives and lively discussions if you step up to the plate and join us for "Take Me Out to the Ballgame."	Mr. Kieser & Mr. Krueger

PREMIER OPTION COURSES:

These courses require additional charge/payment (indicated) for enrollment.

University Dual College Credit Course	Instructor(s)
---------------------------------------	---------------

RAD to the Bone
3 MU Credits

PREMIER COURSE
\$525 cost / student

Dr. Garvey (MU)

Where is radiation found, and is it all bad? Radiation is often viewed as scary or dangerous, yet it plays a significant role in many aspects of science and society. From medicine and biology to art, warfare and chemistry, radiation has transformed the way we live. This course explores the diverse uses of radiation, its impact on various fields, and the historical significance of nuclear events such as Chernobyl, Fukushima, Three Mile Island and the atomic bomb. Students should have basic knowledge of algebra and biology. Dual Credit offering (3.0 college credits 0.5 SMSA credits). No text required. A minimum of 7 students must enroll for the course to run.

(Classes will meet at Marian University)

Intro to Sports Management
3 WLC Credits

PREMIER COURSE
\$225 cost / student

Mr. Kaiser (SMSA)
Prof. Hoffmann (WLC)
Prof. Martens (WLC)

(Classes will meet at SMSA)

This course provides students with an introduction to concepts, theories and principles within sports management. Students develop their organizing, management, & leadership skills while identifying today's important issues, future trends, and potential career opportunities. Especially for students interested in sports management careers, this unique college course will offer students excursions to visit interesting sports venues and meet working professionals in this hot and growing industry.

YOUTH APPRENTICESHIP OPTION

SMSA Liaisons: Mrs. Cauley & Mrs. McCarthy

Students currently enrolled in the CESA 6 Youth Apprenticeship Program (YA) have the option to use J-Term to enhance their work experiences at their existing YA work placements. A separate application form will need to be completed to apply for this option. If interested, YA students should inform their CESA 6 YA Coordinator (Julie Nass) that they are choosing this option. It allows us to work with YA employers to suggest activities that can expand the YA employment experience. If employers agree to supporting this option, students will then be required to log and certify a total of 60 hours of work at their YA placement site during the 15 days of J-Term. A summative reflection on their experience during this 15 day period will also be required. If all criteria is met successfully, students who choose this option will receive 0.5 academic credits.

FAQ'S

Q: Is J-Term required for all Ledgers?

A: Yes. All high school Ledgers are required to earn 0.5 credits through J-Term courses each year they are enrolled at SMSA. J-Term is included in the total of 177 school days reported to Wisconsin DPI and the minimum required 1,137 instructional hours for SMSA to comply with State standards and Archdiocesan policy. From the SMSA Curriculum Guide: "As a graduation requirement, all Ledgers shall earn 0.5 credit annually during J-Term. All SMSA academic, attendance and co-curricular policies apply during J-Term. The Ledger Way Core Values are SMSA cultural guide posts during all academic terms."

Q: Will J-Term courses cost extra?

A: This year, we are offering one course as a "Premier Option" that will have an added cost for students who enroll. The course is "Have Mercy Will Travel: Urban Immersion." With that singular exception, all J-Term courses are included in the cost of SMSA annual tuition. We are fortunate to have some J-Term costs underwritten through the generosity of donor sponsorship.

Q: What if a family has made plans out of town during J-Term?

A: Academic administration has approved an SMSA Credit Recovery Plan for any student who may be unable to participate in J-Term. The 0.5 credit lost must be "credit recovered" immediately upon return to school in Quarter 3. Further details about the SMSA Credit Recovery Plan will be shared with families on an as-needed basis.

Q: What if a student is absent during J-Term?

A: The compulsory attendance policies of the State of Wisconsin, SMSA and the Archdiocese apply to J-Term. Parents/guardians are required to notify school attendance officials whenever a student will miss any part of a school day. Since J-Term is a compressed learning term (with a single J-Term class period equal to three classes of a typical semester course) missing one day of J-Term shall be significant and may hinder a student's academic progress and term grade. Per policy, Ledgers with an excused absence are responsible for all missing class work unless a formal medical exemption is approved by the principal. If a student misses more than three days of J-Term classes, they shall be withdrawn from J-Term and subsequently enrolled in the SMSA Credit Recovery Plan developed for J-Term and effective during Quarter 3.

SMSA offers additional, supplemental learning options to students on an individual basis. Students who wish to take advantage of these supplemental courses must be in good standing academically at the time of enrollment, and remain in good standing for the duration of the course. For the sake of enrollment in supplemental options, “good standing” is defined as:

- 1) Maintaining academic eligibility by achieving a passing grade in all enrolled courses at the time of application and during the supplemental course
- 2) Positive student behavior (no more than one detention and zero suspensions)
- 3) Positive attendance (not habitually truant, miss or tardy more than 10 days unexcused per semester)

If a student fails to maintain good standing, the student will not be permitted to enroll or continue any supplemental offering.

701 TEACHING ASSISTANT PROGRAM (TA)

Students earn Pass (P) or Fail (F) grades for this quarter credit (.25) course. TA grades do not impact calculation of student cumulative GPA. To be eligible, student candidates must:

- Be entering junior or senior year
- Have successfully completed the course for which they are applying as a TA with a minimum grade of B-
- Have a cumulative GPA of 3.250 or higher at the time of application
- Submit the TAP application form
- Pass the interview process and be approved for the TA role/match by counselor and supervising teacher
- Sign the TA contract of expectations and rubric for grading.

799 YOUTH APPRENTICESHIP PROGRAM (YA) 1 Credit / Yearlong Experience Grades 11, 12

Provided in partnership with CESA 6 to allow students external work experience for credit while a Junior or Senior at SMSA. For academic credit to be earned through the YA program, students must: 1) formally apply (each year) to the YA program and be accepted; 2) enroll concurrently in a YA related course from the SMSA curriculum; 3) **record 450 hours of apprentice work with an approved employer per year.**

YA positions are competitive and will include an external interview process. Acceptance will be based on the student's qualifications, the number of YA placements available and a review by the YA coordinator and school officials. Students will sign a school contract/agreement with specific parameters. Not all YA applications are approved.

The very nature of the YA program assumes a level of maturity and integrity with participating students. Students who may behave in a manner that is inappropriate to the YA placement / workplace, or who may misrepresent their YA experiences, work hours, etc. risk losing academic credit, may be withdrawn from the program, may forfeit future YA participation, and may be subject to SMSA disciplinary consequences

ONLINE LEARNING

SMSA may offer students options for advanced, supplemental, and/or credit recovery high school courses using multiple online platforms and often requiring additional cost to families.

Placement in online learning requires the approval of the principal. There will not be approval of online courses that replace an identical existing course offered at SMSA. If students take these courses, the course credit will not be transcribed (given academic credit) or registered into their permanent record at SMSA.

A school counselor may suggest online learning as an option to accomplish the successful completion of course requirements or for credit recovery. There will be additional costs for online learning supported through third party vendors. This cost will be added to the family's account for all classes with the exception of courses that are required for graduation and are not offered at SMSA.

2.12 PUPIL SERVICES & STUDENT SUCCESS SUITE

Please contact the Director of Pupil Services for more details about support and services at SMSA

THE STUDENT SUCCESS SUITE (SSS)

Pupil Services provides support and resources for high school students who may need reinforcement in study skills or who have identified learning needs. The Student Success Suite (SSS) is an alternative to a typical study hall. Students use the small group setting to organize their learning, complete homework, study for tests, complete assessments and receive individualized assistance. A member of the Pupil Services team supervises the SSS and provides learning support for students as needed.

LEARNING ACCOMMODATIONS AND MODIFICATIONS

In addition, Pupil Services coordinates classroom accommodations and modifications for students who have been medically diagnosed or educationally identified as a student with learning needs. Learning accommodations are provided based on professional assessment information provided through a Service Plan or Student Accommodation Plan.

CRITERIA FOR ENROLLMENT IN THE STUDENT SUCCESS SUITE

Enrollment in the SSS is determined by the Pupil Services team, as a result of teacher, parent/guardian and/or previous administrative recommendation. Enrollment and student access to the SSS is reviewed annually or as needed. Please contact the Director of Pupil Services for more details about support and services at SMS.

2.13 COUNSELING SERVICES

The Counseling Office supports SMSA students with two members of the counseling staff.

The mission of the SMSA High School Counseling Program is designed to promote the formation of productive and responsible community members by enhancing the academic, mental wellness, and career development of all students. St. Mary's Springs Academy believes this can be implemented by emphasizing the school's core values of; faith, learning, respect, leadership, responsibility and community. SMSA's School Counseling content is delivered in a systematic manner to all students using the Wisconsin Model Academic Standards, adapted from the American School Counseling Associates. All personal information shared with a counselor is confidential unless it involves self harm, harm to others, abuse or neglect. The law requires school counselors to report this information to parents or appropriate agencies. If the school counselor needs to discuss a student's situation with others, it will be done with discretion and the student's best interest in mind.

The Counseling Office supports SMSA students with two members of the counseling staff. School Counselors at SMSA are licensed professionals in the State of Wisconsin. Counselors provide strategic and operational planning and support for the social and emotional wellbeing of students in the high school and leading programs aimed at student mental wellness. This may include large group educational programs for students and parents, as well as initiating thematic support groups and individual counseling.

It is our mission to equip all students with the knowledge and skills they need to find success in their post-secondary endeavors. Counselors advise students and their parents regarding the college search process. This includes submission of admission and scholarship applications, helping students assess post secondary options and fit, facilitating career exploration.

Counselors engage with students to help them discern gifts and talents, as well as assess possible career and college choices. Students are guided through every aspect of the college application process including financial aid and scholarship applications. SMSA School counselors also support students in their SMSA academic planning, their annual course selections and preparations for standardized testing.

School Counselor role is a licensed professional in the State of Wisconsin. This role leads the strategic and operational planning and support for the social and emotional wellbeing of students in the high school and leads programming aimed at student mental wellness, managing anxiety and stress, and Internet safety. This may include large group educational programs for students and parents, as well as initiating thematic support groups and individual counseling. The school counselor also supports students in their college planning and discernment of gifts and talents, and with SMSA academic planning, annual course selections and preparations for standardized testing.

THE SCHOOL COUNSELOR'S ROLE

School counselors design and deliver school counseling programs that improve student outcomes. They lead, advocate and collaborate to promote equity and access for all students by connecting their school counseling program to the school's academic mission and school improvement plan. They uphold the ethical and professional standards of ASCA and promote the development of the school counseling program based on the following areas of the ASCA National Model: define, deliver, manage and assess.

DEFINE

School counselors create school counseling programs based on three sets of standards that define the profession. These standards help school counselors develop, implement and assess their school counseling program to improve student outcomes.

Student Standards –

ASCA Mindsets & Behaviors for Student Success: K–12 College- and Career-Readiness for Every Student

Professional Standards –

- ASCA Ethical Standards for School Counselors
- ASCA School Counselor Professional Standards & Competencies

MANAGE

To be delivered effectively, the school counseling program must be efficiently and effectively managed. School counselors use program focus and planning tools to guide the design and implementation of a school counseling program that gets results.

Program Focus

- Beliefs
- Vision Statement
- Mission Statement

Program Planning

- School Data Summary
- Annual Student Outcome Goals
- Action Plans
 - Classroom and Group
 - Closing the Gap

School counselors work to create a future world where all students thrive.

- Lesson Plans
- Annual Administrative Conference
- Use of Time
- Calendars
 - Annual
 - Weekly
- Advisory Council

DELIVER

School counselors deliver developmentally appropriate activities and services directly to students or indirectly for students as a result of the school counselor's interaction with others.

These activities and services help students develop the ASCA Mindsets & Behaviors for Student Success and improve their achievement, attendance and discipline. Through the school counseling program, school counselors ensure equitable academic, career and social/emotional development opportunities for all students.

Direct Services with Students

Direct services are in-person interactions between school counselors and students and include the following:

- Instruction
- Appraisal and Advisement
- Counseling

Indirect Services for Students

Indirect services are provided on behalf of students as a result of the school counselors' interactions with others including:

- Consultation
- Collaboration
- Referrals

ASSESS

To achieve the best results for students, school counselors regularly assess their program to:

- determine its effectiveness in helping all students succeed
- inform improvements to their school counseling program design and delivery
- show how students are different as a result of the school counseling program

School counselors also self-assess their own mindsets and behaviors to inform their professional development and annually participate in a school counselor performance appraisal with a qualified administrator. The ASCA National Model provides the following tools to guide assessment and appraisal.

Program Assessment

- School Counseling Program Assessment
- Annual Results Reports

School Counselor Assessment and Appraisal

- ASCA School Counselor Professional Standards & Competencies Assessment
- School Counselor Performance Appraisal Template

For research on the effectiveness of school counseling programs, go to <https://www.schoolcounselor.org/effectiveness>

For more information about the role of the school counselor, go to <https://www.schoolcounselor.org/role>

SECTION 3

APPENDIX

S T. M A R Y'S S P R I N G S

———— Academy ————

3.1 APPENDIX A - DUAL COLLEGE CREDIT OPPORTUNITIES AT SMSA

St. Mary's Springs Academy supports students who wish to begin their college career while still attending high school. There are multiple ways in which Ledgers can earn college credit during their high school years.

Please note, college credit may be an added expense for the family. Below in this section and in the official course description in Section 2 of this Curriculum Guide you will find information regarding cost(s) for which the family may be responsible.

What is meant by "dual credit?" This means that, when successfully completed, designated courses in the curriculum qualify to concurrently provide students with both high school credit (1.0 credit for a full year course/ 0.5 credit for a one-semester course) and actual college credit value as determined by the higher education institution sponsoring the course and partnering with SMSA. As such, the grades and credit of all dual credit courses are officially 'transcripted' in two places: the student's official high school transcript, and the official transcript of the college granting academic credit. Please see the course descriptions found in Section 2 of this Curriculum Guide for specifics on added costs and college credit possible per dual credit course.

How are dual credit courses assessed? College dual credit courses approved through SMSA are assessed with a **weighted grading scale** when determining high school grades and grade point average. **Colleges have their own independent grading scales and assessment practices.**

Finally, dual credit course offerings may be subject to SMSA staff or adjunct instructor qualifications and availability. Students enrolled in dual credit coursework are expected to meet all other SMSA academic, enrollment, and scheduling requirements. Ledgers are expected to fully participate in student life at SMSA while dual enrolled in college courses.

MARIAN UNIVERSITY

MARIAN UNIVERSITY - DIRECT COLLEGE CREDIT/ Dual Credit Courses

Students who are academically qualified and accepted by Marian University may receive both high school and college credit in courses taught by SMSA teachers who are also adjunct faculty of Marian University, or by professors/instructors who are employees of Marian University: Currently upper level Math and Science courses are offered for Marian University dual credit at SMSA. See course descriptions in the department sections of this guide for specific information about these courses. Marian University dual credit course offerings are dependent upon the availability of a qualified instructor.

The college credit received may be transferable to other colleges and universities. However, neither Marian University nor SMSA can guarantee the transfer of credits to other institutions. The student must contact the admissions office at those institutions to verify their credit transfer policies. The Counseling Office is able to assist you with this process.

ELIGIBILITY:

To be eligible for acceptance into the Dual Credit Program at Marian University, students must:

1. Have taken appropriate prerequisite course(s) where applicable **and**
2. Have a grade point average of "B" within the appropriate discipline; **in addition,**
3. Rank in the top 25% of their class, **or** be earning a GPA of 3.2 on a 4.0 scale, **or** score in the top 15% of the most recent standardized test (PSAT or ACT through June of senior year)
4. Complete SMSA registration process
5. Complete Marian University application paperwork;
6. Receive final acceptance for registration from Marian University.

COST OF DUAL CREDIT PROGRAM:

Students taking the dual credit courses for college credit are required to pay college tuition on a per-credit basis. This is a cost in addition to the full tuition of SMSA. Students will pay Marian University directly for Dual Credit tuition (**approximately \$99 per college credit**).

Students may purchase their college texts from previous students, through the Marian University bookstore, or through online bookstores. Marian offers purchase and rental options. Students must verify with the SMSA teacher the textbook being used for the class before making a purchase.

For more information regarding Marian University Dual Credit or MU ECCP, please contact Dr. Jill Hebert Carlson at jhebercarlson@smsacademy.org or jmcarlson80@marianuniversity.edu.

DUAL CREDIT COURSES THROUGH MORaine PARK TECHNICAL COLLEGE (MPTC)

Students who are accepted by MPTC may receive high school, technical college credit, and where designated as **weighted grading scale**, college credit. MPTC courses listed in this Curriculum Guide are offered on campus at SMSA, taught by SMSA teachers who also serve as adjunct faculty of MPTC: See course descriptions in the department sections of this guide for additional information on the MPTC -SMSA dual credit and weighted grade courses.

The college credit received through the weighted grade courses may be transferable to other colleges and universities. However, neither MPTC nor SMSA can guarantee the transfer of credits to other institutions. The student must contact the admissions office at those institutions to verify their credit transfer policies. The Counseling Office is able to assist you with this process.

ELIGIBILITY:

Sophomores through seniors are eligible to take the courses offered. Students must be at least 16 at the time of enrollment and be in Good Standing. Some courses may require a prerequisite. See course description for any additional requirements.

COST OF DUAL CREDIT PROGRAM:

Student cost for MPTC courses is waived by MPTC. Student textbooks are provided by SMSA for student use.

EARLY COLLEGE CREDIT PROGRAM (ECCP)

Wisconsin's Early College Credit Program (ECCP) was developed for students to complete college courses at ECCP-accepted campuses. For SMSA students, this includes UW Oshkosh/Fond du Lac, MPTC, and Marian University.

Who may enroll:

Junior and senior students may enroll in courses that are offered at the UW-Oshkosh Fond du Lac campus. Enrollment does not imply that SMSA will approve of paying all or part of the course's tuition. (see below for approval).

Eligibility:

To be eligible for acceptance into the ECCP program, students must complete all of the following:

1. Be in, and maintain, Good Standing;
2. Be eligible under the individual college standards for eligibility. This may include providing transcripts that confirm prerequisite courses and/or campus placement test;

What courses are offered:

Students may enroll in any course for which they qualify through the UW placement test or successfully completing prior/prerequisite courses. Students must coordinate with the SMSA Counselor prior to enrollment to ensure that the course can fit into the student's schedule if the course is to be completed during the school day.

NOTE: Students who wish to enroll in ECCP courses must first be able to demonstrate that their schedule will allow for the student to complete all required courses, and be enrolled in at least 4 courses at SMSA during the time in which the student is also enrolled in ECCP courses.

Courses approved for tuition payment through SMSA:

Students may enroll in any college course through ECCP. SMSA will agree to approve courses that are extensions of curricula offered at SMSA in English, World languages, science, math, and/or social studies. Depending on the circumstances noted below, these courses will be approved for dual credit (high school and college credit) or postsecondary only credit.

The Counselor will arrange the student's schedule to accommodate the course, to include commute time. If the course cannot fit into the student's schedule, SMSA will not approve of the course. If courses are approved by SMSA, SMSA will also reimburse the family for required textbooks and resources.

Approved dual high school and college credit courses:

- 1. Students who exhaust SMSA curriculum in world languages and/or math prior to achieving four high school credits in that content.
- 2. Students who, through no fault of their own, cannot fit a required high school course into their schedule. If the student qualifies for the college course, this will replace the high school required course that could not be taken.
- 3. Courses that are approved for dual credit will be added onto the high school transcript for credit purposes and will be included into the student's high school GPA using the grades provided by the organization.

Approved post-secondary credit courses:

- 1. Students who have exhausted SMSA curricula in English, Social Studies, Science, fine or practical arts may be approved to enroll in an ECCP college course for postsecondary credit only.
- 2. Students must first complete or be on track to be enrolled in all required courses for graduation at SMSA.
- 3. Courses that are approved for postsecondary credit only will not be added onto the high school transcript or included in the student's high school GPA.
- 4. The SMSA Counselor will attempt to rearrange the student's schedule to accommodate the college course. If the course cannot fit into the student's schedule, SMSA will not approve of the course.

Course not approved for tuition purposes:

Students may enroll in any college course they choose through ECCP. If the course does not fall into one of the approved courses, or is a course identical to one offered through SMSA, SMSA will not pay for any tuition, add the completed course onto the high school transcript or include it into the student's GPA. If possible, the high school Counselor will rearrange the student's schedule to accommodate the course.

Student Responsibilities:

- 1. Notify SMSA Counselor of intent to apply prior to the below deadlines
- 2. Through SMSA Counselor, arrange for placement test at campus if applicable
- 3. Complete ECCP Program Partnership Form: ECCCP Form at UW Help
- 4. Complete UW System, Marian University application: <https://apply.wisconsin.edu/>
- 5. Sign and uphold the SMSA Off Campus Agreement. This includes, but is not limited to, remaining in Good Standing with the school and attending all required student activities, masses and retreats
- 6. If the ECCP course concludes early, the SMSA student will be assigned to study hall during previous ECCP class time

DEADLINES

	Summer	Fall	Spring
Student Deadline to submit ECCP form to SMSA	March 1	March 1	Oct 1
SMSA will approve or deny the ECCP request	May 15	May 15	Nov 15
ECCP form and documentation due to UW Fond du Lac	June 1	June 1	Dec 1

TUITION RESPONSIBILITIES

The ECCP tuition is 50% of the university tuition. The 2026-2027 tuition is \$100/credit. The following is the percentage breakdown depending on whether the high school approves the course for dual credit or postsecondary only.

Approval of Course	School District	State	Student
High school/dual credit	75%	25%	0%
Postsecondary only	25%	50%	25%
Non-approval (high school special tuition rate)	0%	0%	100%

SMSA will pay the entire amount up front. If the family has a contribution, that amount will be added to the family's tuition account. If SMSA does not approve of the course, the student's family is responsible for the entire tuition amount.

3.2 APPENDIX B - ADVANCED PLACEMENT (AP) COURSES

St. Mary's Springs Academy offers the following Advanced Placement (AP) courses:

- 283 AP BIOLOGY
- 548 AP PRE-CALCULUS
- 880 AP LITERATURE
- 961 AP US HISTORY

For more information on AP courses and college credits that are accepted from the AP exam, please visit:

<https://apstudent.collegeboard.org/exploreap>

Advanced Placement courses taught at SMSA are subject to staff AP certification and availability. All AP courses at SMSA shall be assessed under the **weighted grade scale** at SMSA.

Who may enroll/eligibility:

Juniors and seniors who have completed the prerequisites for the course may enroll as an AP student.

AP Exam & Cost:

AP exams in all content areas are usually scheduled for May by the College Board. The cost to take the AP exam is approximately \$90 (subject to change by the College Board). Students who are enrolled in the Federal Free and Reduced Lunch Program will have a cost reduction to \$62. This AP exam cost must be paid in November of the school year in which the AP exam will be administered (i.e. November 2026 for AP exams to be taken in May 2027). The SMSA AP coordinator will notify parents of the due date.

AP at Fond du Lac High School:

Students who wish to complete additional AP courses not offered at SMSA may enroll in Fond du Lac High School AP courses on a space available basis. Students who desire to enroll in Fond du Lac HS AP courses must meet the following requirements:

- Notify SMSA Counselor by **April 15 of the year prior to enrollment**. The counselor will work with students and Fond du Lac High School Counselor to determine which courses are available.
- The student must be in Good Standing at the time of enrollment, and will remain in Good Standing during enrollment.
- The student and parent will sign a School Agreement with specific requirements for acceptance and retention in an off-site program.

Due to logistical and scheduling complexities, it may not be feasible or possible to enroll in these offerings. The principal must approve any course taken for credit at another institution and reserves the right to deny SMSA student registration in Fond du Lac High School courses. Fond du Lac H.S. will notify SMSA in August of final AP availability for SMSA students.

3.3 APPENDIX C : FOUR-YEAR PLAN - Class of 2027

SAMPLE for Class of 2027: The following worksheet can be used to plan/map courses for each year.

CORE SUBJECT AREA	Required Credits	FRESHMEN	SOPHOMORE	JUNIOR	SENIOR
Theology	4	Catholicism/ Sacraments	Old Testament/ New Testament	Church History/ Morality	Social Justice/ World Religions
English	4	Fresh. English	Soph. English	Jr. English	Sr English
Social Studies	3	World History	US History	American Government/	
Science *Can take science senior year instead of sophomore year.	3	Biology	*Science	Science	
Math	3	Fr Math	So Math	Jr Math	
Phys Ed	1.0		PE 100 (0.5 cr.)	PE Elective (0.5 cr.)	
Health *Must be taken once in 9th or 10th or 11th grade	0.5*				
World Languages	1.0 * REQ starts with Class of 2025				
Fine Arts or Business Education *At least 0.5 cr. must be in Fine Arts. The other 0.5 can be in Fine Arts or Business Education.	1.0				
J-Term Elective 0.5 credits are required annually beginning with academic year 2023-24	0.5 annually/ 2.0 for 4 years				
Electives ** includes additional credits from the above subject areas.	5.0 ** (6.0 starting with Class of 2025)				
REQUIRED CREDITS /	26.5 REQ

Science	3 Credits	<i>Biology (2028) Physical Science (2029)</i>			
Math	3 Credits	Fr. Math			
Phys Ed	1 Credit		<i>PE 100 (0.5 cr.)</i>		
Health	0.5 Credit	<i>Health</i>			
World Languages (German or Spanish)	1 Credit				
Fine Arts	0.5 Credit				
Business Education (Starting with the Class of 2028- Personal Finance is a state requirement)	0.5 Credit		<i>Personal Finance</i>		
Electives <i>** includes additional credits from the above subject areas.</i>	5.5 Credits				
J-Term (0.5 Credits per Year)	2 Credits/4 years				
REQUIRED CREDITS	28 Credits REQUIRED				

2026-2027 Freshman Class Request Sheet

Name: _____

Instructions: Please use this sheet to pick classes for next year in consultation with the 2026-27 Curriculum Guide. Your choices will be used to build the classes that will be offered as well as the number of sections for each class. **You must schedule for 7 credits as a MINIMUM number. Be sure to pick 3 alternate courses to enter at the bottom of this sheet.**

Please return this completed sheet to the North Hall office by Feb. 27th, 2026

Please Note: Classes in **RED** have predetermined placement | Classes in **GREEN** have pre-requisites

STUDENT COVENANT

The Ledger Way Core Values	The Ledger Way Defined	The Ledger Way in Action "I will..."
Faith	We live our Catholic faith in both word and action. We are disciples of Jesus Christ, called to be living examples of both faith and stewardship.	★ Engage with opportunities to deepen my relationship with God ★ Participate in prayer and worship experiences with reverence and openness ★ Fulfill theology curriculum expectations, including all service learning ★ Participate in SMSA class retreats
Community	We foster a welcoming, supportive, engaging and collaborative community that works in unison to overcome challenges and celebrate success. Together we honor our traditions and work in partnership to advance our institution.	★ Build trust and contribute to a welcoming, inclusive, fair learning environment through positive language, relationships and choices ★ Encourage and affirm others, and engage with community events ★ Extend hospitality and goodwill to all people, including visitors ★ Denounce and refrain from gossip, humiliation, bullying and other damaging habits and behaviors that erode school culture on campus and online
Respect	We treat God's people with respect and kindness at all times. We acknowledge our differences, offering compassion, empathy and tolerance.	★ Reverence the God-given dignity and uniqueness of self and others in person and online ★ Respect school property and the belongings of others ★ Be empathetic, tolerant and patient with all ★ Practice modesty and humility in language, behavior and dress
Responsibility	We lead by example and are accountable for our actions, even when it's difficult. We affirm sound judgment and trustworthy behavior.	★ Be truthful in all matters, admit errors, be accountable for choices ★ Gracefully accept consequences, correction and direction ★ Report negative/abusive treatment of oneself or others to a school authority ★ Meet all deadlines as requested
Learning	We are committed to excellence in education through personal growth and achievement. We strive to be inquisitive critical thinkers, problem solvers, and team players.	★ Think critically, be inquisitive ★ Embrace intellectual challenges, and seek help as needed ★ Be prepared and ready to learn each day, in each setting ★ Be eager to collaborate, have a growth mindset with all learning opportunities ★ Have academic integrity, and shall always submit original work ★ Grow from mistakes
Leadership	We are devoted to a life of servant leadership, going above and beyond to serve the school, parish, community and world. We are responsible citizens and Christians committed to living life, promoting peace, and fostering social justice.	★ Take initiative for my education and formation ★ Be trustworthy, reliable and positive in word and actions ★ Contribute to building a safe, inclusive and productive learning environment ★ Advocate for myself and others and offer solutions to challenges ★ Engage in the service of others, especially the most vulnerable in our community

*All students are expected to make a sincere effort to consistently demonstrate The Ledger Way through words, actions and choices. Disregarding this Covenant or its spirit may lead to natural consequences as outlined by Archdiocesan Policy and SMSA Handbooks.

PARENT/GUARDIAN COVENANT

The Ledger Way Core Values	The Ledger Way Defined	The Ledger Way in Action "I will..."
Faith	We live our Catholic faith in both word and action. We are disciples of Jesus Christ, called to be living examples of both faith and stewardship.	★ Support the SMSA mission and commitment to Catholic values and faith formation ★ Model Gospel values and make choices that reinforce school vision and mission ★ Engage with communal and private prayer to support the needs and wellbeing of students, families and employees ★ Practice and share my faith
Community	We foster a welcoming, supportive, engaging and collaborative community that works in unison to overcome challenges and celebrate success. Together we honor our traditions and work in partnership to advance our institution.	★ Promote solidarity and engage in supporting Springs events ★ Extend hospitality and goodwill to all in the Springs community and to visitors ★ Contribute to building a safe, productive, and inclusive learning environment ★ Ensure that home habits and expectations align with and support school values ★ Denounce and refrain from gossip, humiliation, bullying and other damaging behaviors that erode school culture on-campus and online
Respect	We treat God's people with respect and kindness at all times. We acknowledge our differences, offering compassion, empathy and tolerance.	★ Reverence the God-given dignity and uniqueness of self and others in-person and online ★ Support confidentiality and the privacy of others in the SMSA learning community ★ Honor the boundaries and practices established to support school safety and order ★ Not interfere with school operations nor display distrustful, disruptive, or harassing behaviors toward school staff in-person or online
Responsibility	We lead by example and are accountable for our actions, even when it's difficult. We affirm sound judgment and trustworthy behavior.	★ Demonstrate good moral and ethical principles ★ Report negative or abusive treatment of students, oneself or others to a school authority ★ Meet all deadlines and take an active role in your Children's education, attending designated parent meetings ★ Support policies and procedures outlined in SMSA handbooks ★ Seek information and resolution directly from the Academy, whenever concerns may arise, consulting with staff closest to the situation (subsidiarity)
Learning	We are committed to excellence in education through personal growth and achievement. We strive to be inquisitive critical thinkers, problem solvers, and team players.	★ Partner with school personnel for the formal education of children in my care ★ Abide school schedules and calendars to assure that children are present and ready to learn whenever school is in session ★ Regularly check student progress and attend parent/guardian-teacher conferences ★ Reinforce the importance of academic integrity with my child ★ Help my child learn and grow from school based mistakes, failures, and disappointments
Leadership	We are devoted to a life of servant leadership, going above and beyond to serve the school, parish, community and world. We are responsible citizens and Christians committed to living life, promoting peace, and fostering social justice.	★ Volunteer and partner with faculty, staff and other parents ★ Promote The Ledger Way in word and actions as an advocate for SMSA mission ★ Offer solutions to challenges and problems ★ Engage in the service of others, especially the most vulnerable ★ Model leadership for young people

*All parents and guardians are key partners at SMSA and are expected to make a sincere effort to consistently demonstrate and reinforce The Ledger Way through words, actions and choices. Disregarding this Covenant or its spirit may lead to natural consequences as outlined by Archdiocesan Policy and SMSA Handbooks.

EMPLOYEE COVENANT

The Ledger Way Core Values	The Ledger Way Defined	The Ledger Way in Action <i>*I will...</i>
Faith	We live our Catholic faith in both word and action. We are disciples of Jesus Christ, called to be living examples of both faith and stewardship.	★ Support the SMSA mission and commitment to Catholic values and faith formation ★ Model Gospel values and reinforce school vision and mission ★ Engage prayer to support students, families and colleagues ★ Practice and share my faith ★ See my vocation as ministry and service to others
Community	We foster a welcoming, supportive, engaging and collaborative community that works in unison to overcome challenges and celebrate success. Together we honor our traditions and work in partnership to advance our institution.	★ Promote solidarity and engage in supporting Springs events ★ Extend hospitality and goodwill to all in the Springs community and to visitors ★ Contribute to building a safe, productive, and inclusive environment ★ Denounce and refrain from gossip, humiliation, bullying and other damaging behaviors that erode school culture on-campus and online ★ Prioritize building positive student relationships, support student interests, and attend after school activities student events as possible
Respect	We treat God's people with respect and kindness at all times. We acknowledge our differences, offering compassion, empathy and tolerance.	★ Reverence the God-given dignity and uniqueness of self and others in-person and online ★ Support confidentiality and privacy in the SMSA learning community ★ Honor boundaries and practices that support school safety and order ★ Support parents right to information pertinent to student success ★ When questions or concerns arise, seek information and resolution directly from within the Academy (principles of subsidiarity apply) ★ Abide all practices and policies of 'Safeguarding God's Children'
Responsibility	We lead by example and are accountable for our actions, even when it's difficult. We affirm sound judgment and trustworthy behavior.	★ Demonstrate good moral and ethical principles ★ Be present, productive, and accountable to all assigned duties ★ Protect the safety and wellbeing of all students ★ Report negative or abusive treatment of students, oneself or others to a school authority ★ Enforce academic and behavioral policies and procedures outlined in school handbooks ★ Meet all deadlines and professional expectations
Learning	We are committed to excellence in education through personal growth and achievement. We strive to be inquisitive critical thinkers, problem solvers, and team players.	★ Partner with parents/guardians to provide formal education to children ★ Be prepared to deliver on the expected goals and outcomes for my role ★ Abide all school schedules and calendars to assure student learning progress ★ Support student learning and attend to personal professional growth ★ Collaborate to enable appropriate assessments, interventions and learning alternatives ★ Reinforce expectations of academic integrity and original work ★ Help students learn from mistakes, failures, and disappointments
Leadership	We are devoted to a life of servant leadership, going above and beyond to serve the school, parish, community and world. We are responsible citizens and Christians committed to living life, promoting peace, and fostering social justice.	★ Volunteer to support SMSA advancement and strategic initiatives ★ Promote The Ledger Way and advocate for SMSA mission ★ Offer solutions to challenges and problems ★ Practice buffalo leadership and servant leadership, especially sensitive to the vulnerable ★ Embrace, showcase, and affirm student success and celebrate growth and development

*All SMSA employees are expected to make a sincere effort to consistently demonstrate and reinforce The Ledger Way through words, actions and choices. Disregarding this Covenant or its spirit may lead to natural consequences as outlined by Archdiocesan Policy and SMSA Handbooks.
